FOREWORD

This Municipal Handbook is compiled annually under the direction of the City Council, to furnish the citizens of Toronto, and others, with official information relative to the administration of the City. It is presented in the hope that its perusal may stimulate and encourage the citizens generally to take a greater interest in the communal life of their City and in good municipal government, which, in the last analysis, is the basis of sound democratic government.

J. W. SOMERS, O.B.E.,

"Industry — Intelligence — Integrity"

ARMS OF THE CITY OF TORONTO
Heraldically Described

SHIELD.—Quarterly of four. 1. Gules, three Lions passant, gardant in pale, Or; 2. Or a Beaver, proper. 3. Argent, a garb, proper. 4. Azure, a Steamboat, Or.

CREST.—On a Mural Crown, Or, a Beaver, proper.

SUPPORTERS.—*Dexter*, a North American Indian, habited and armed; in the belt a scalping knife; in the right hand a tomahawk, the left arm leaning on a bow; all proper. *Sinister*, Britannia helmed and cuirassed; the right hand supporting a trident, the left hand resting on a shield bearing the crosses of St. George, St. Patrick, and St. Andrew, combined; all proper.

MOTTO.—Industry, Intelligence, Integrity.

PAST AND PRESENT

The History of Toronto dates back almost three hundred years, when the first French adventurers were guided by their friendly Indians to the "place of meeting", which is the Indian meaning of the name for Toronto. It was undoubtedly a centre of trade early in the eighteenth century, becoming important enough to be made a fortified post in the summer of 1750, when the French built a fort and named it

Toronto—continued

Fort Rouillé, after the Colonial Minister at that time. In the war between the French and the English, the fort was burned, in order to prevent English occupation in 1759.

Governor John Graves Simcoe has been given the credit for choosing the site of the present City of Toronto, as the capital of the Province of Upper Canada. Governor Simcoe favoured laying out the new capital on the site of the present City of London, but was overruled by his superiors in Quebec and ordered to proceed with the laying out of the site of the new capital on the present site of the City of Toronto. Accordingly, in the spring of the year 1793, the troops were moved over from Niagara-on-the-Lake (Newark) and commenced to lay out the new town. Apart from the military works, no buildings were erected in York until 1794, when the homes of officials were built. One of the noted achievements of Governor Simcoe was the opening of Yonge Street to Lake Simcoe, which was completed in 1796; at that time York comprised only twelve blocks, immediately north of the Parliament Buildings, then situated close to the waterfront at the foot of what is now Berkeley Street. The present intersection of King and Yonge Streets was not then in existence.

On August 26, 1793, Governor Simcoe

Toronto—continued

changed the name of the Town to York in honour of the Duke of York, son of the then King George III, and at noon the next day, a salute was fired in commemoration of the change. The Town was occupied by the United States forces in 1813, at which time the Legislative Assembly Buildings and Archives were burned.

Self-Government was granted the Town of York in 1817, and in 1834, the population having increased to 9,000, it was incorporated as the City of Toronto, by an Act of the Province of Upper Canada passed on March 6, 1834. Toronto's incorporation was made permanent by an Act of 1840, so this City has had the longest continuous self-government in Canada. William Lyon Mackenzie, the grandfather, on his mother's side of the present Prime Minister of Canada, was elected the first mayor of the City of Toronto, in the year 1834. (It is interesting to note that while William Lyon Mackenzie was in exile in New York State following the rebellion of 1837, his youngest daughter was born who afterwards became the mother of our present Prime Minister. Oddly enough the mothers of both Prime Minister Churchill and the late President Roosevelt were born also in New York State.) The first Municipal election in the City of Toronto was held March 27, 1834. All male householders had the franchise, whe-

Toronto—continued

ther owners or tenants. The City was divided into five wards, and in each, two aldermen and two councilmen were elected.

One of the notable achievements of a citizen of Toronto, in the earlier days, was the invention by Sandford Fleming in 1879, of a new system of reckoning time. This system is now the legal system of marking time throughout most of the civilized world. He was knighted by the late Queen Victoria, in recognition of the importance of his invention.

The City of Toronto is the capital of the Province of Ontario and is Canada's greatest commercial and industrial centre. This City is the mailing centre of Canada as well as the air-hub of Eastern Canada, with ultra-modern airport facilities, comparable to the finest on the continent. Toronto is the headquarters of the Meteorological Service of Canada and is the home of the University of Toronto, famous throughout the world as a seat of learning. Toronto has the distinction of having the greatest mining Stock Exchange in the world and is rapidly becoming the undisputed financial centre of Canada. This City is noted above all cities in the British Empire, for the number of telephones in use; about 261,000 of which are in use in the Toronto exchange area and some 12,000 in the City's suburbs.

Toronto—continued

The Canadian National Exhibition, the world's greatest Annual Fair and the Royal Winter Fair, Canada's premier Annual Agricultural, live stock and horse show, are both located permanently in Toronto; the operation of these two outstanding shows has been discontinued during wartime.

Toronto owes its great importance to several factors, one of the most important being that its population is eighty per cent. of British racial origin, mostly by way of settlement of the Province of Ontario by United Empire Loyalists and by immigration from the British Isles.

The City of Toronto is situated most fortunately. If one looks at a map of the Province, it can be seen readily that the section of which Toronto is the centre, juts deeply into the United States, and is bounded on the west by Lake Huron, on the south by Lake Erie and Lake Ontario, and on the north and east by the waters leading into the Ottawa River. Into this great wedge of the choicest land on this continent, pours the wealth of the West in grain which is shipped by way of the Welland Canal; from the great northland of Ontario come the basic minerals which are processed here in Toronto and shipped all over Canada and to the world outside.

Toronto—continued

Toronto is proud of its reputation of never having defaulted nor asked for a renewal of a debt.

Toronto looks forward in confidence to the post-war period of its development as the centre of a great metropolitan area in Southern Ontario. The City Planning Board has completed its "Master Plan" for the development of Toronto, which if adopted, over a period of the next thirty years, will make the City of Toronto one of the most delightful places in all Canada in which to live, and the logical choice when determining the location for industries seeking the trade of this Dominion and the world at large.

CITY HALL

The Town of York erected a new Market-building in the year 1831. Part of this building was fitted up as a City Hall. Here the first city council meeting of the newly created City of Toronto was held. This building was demolished in 1849.

The first City Hall was erected in the year 1845 on the south side of Front Street between Jarvis and Market Streets. It now forms part of the St. Lawrence Market.

The site of the present City Hall, situated on Queen Street between James and Bay streets,

City Hall — continued

was intended, originally, for Court House purposes only, but it was decided, subsequently, to erect a combined City Hall and Court House thereon.

The cornerstone of the present City Hall was laid November 21, 1891, and the building was opened for public business on September 18, 1899. The total cost (including site, clock, bells and furniture) did not exceed $2,500,000.

MUNICIPAL GOVERNMENT AND ELECTIONS

The Government of the City of Toronto is vested in a Municipal Council under the provisions of the Municipal Act passed by the Government of the Province of Ontario.

The Council is composed of the Mayor and four members of the Board of Control, who are elected annually by the voters at large, and eighteen Aldermen, elected annually from the nine wards into which the City is divided, two from each ward, making a total membership of 23.

The Municipal Act provides that the meeting of the Electors for the nomination of candidates for Mayor, Controllers, Aldermen and the Board of Education shall be held on the 21st day of December, except where that day is a Saturday or Sunday, and in that case, on the preceding

Municipal Government and Elections—continued

Friday; and that the polling shall take place on the 1st day of January next thereafter, except where that day is Sunday, in which case on the following day. Nominations for Mayor and Controllers must be made from 10 a.m. and not later than 11 a.m. at the City Hall with the City Clerk as Returning Officer presiding; nominations for Aldermen and Board of Education must be made from 12 noon and not later than 1 p.m. at a school building located in each ward, with a Returning Officer, representing the City Clerk, presiding.

The Council as a whole is the legislative body of the Municipality and carries on its work through the Board of Control and the following Standing Committees, viz.: Committee on Works, Committee on Property, Committee on Parks and Exhibitions, Committee on Legislation and the Committee on Public Welfare.

The Board of Control is the executive body of Council and, as such, is responsible for the preparation of the annual estimates; the regulation and supervision of all matters relating to finances and expenditures, revenue and investments; the management of all matters relating to the financial portion of the Water Works, the administration of the Fire Department, the operation and management of the Municipal Abat-

Municipal Government and Elections—continued

toir; the consideration and revision of all by-laws and agreements that may be authorized by the Council; the supervision and control of all books, documents, vouchers and securities belonging to the Corporation; the renting or leasing of any property belonging to the Corporation (except lands upon the Island); the preparation of specifications, calling for tenders and the awarding of all contracts for works, materials and supplies required by the Corporation; the nomination to Council of Heads of Departments and sub-Departments in case of a vacancy; the carrying on of public works authorized by Council and the general administration of the affairs of the City, except as to the Department of Education and Police, the former being under the control of the Board of Education elected by the voters annually (similar to Council, two members elected from each of the nine wards in the City) and the latter under a Board of Commissioners of Police.

The Council, without a two-thirds vote, cannot reverse or vary the action of the Board of Control in respect to tenders, when the effect of such vote would be to increase the cost of the work, or, to award the contract to a tenderer other than the one to whom the Board has awarded it. The Municipal Act also provides,

Municipal Government and Elections—continued

that the Council shall not appropriate or expend any sum not provided for in the Estimates, or a supplementary Estimate approved and certified by the Board of Control, without a two-thirds vote of Council. The Board of Control is vested with power to dismiss or suspend any Head of Department and forthwith report same to Council, and such official cannot be re-appointed or re-instated, without a two-thirds vote of Council. The Heads of Departments, under the provision of a by-law, have full power to dismiss, suspend or demote any subordinate officer, clerk or employee.

All reports of Committees are submitted first to the Board of Control and then transmitted by that body to the City Council, with such amendments as the Board may deem advisable.

The Local Board of Health is a statutory body and not a Committee of Council. It derives its authority under the provisions of the Public Health Act. By an amendment to the said Act in 1943 it is provided that, in a city having a population of 100,000 or over, according to the enumeration of the assessors for the last preceding year, the council may by by-law provide that the local board shall consist of the Mayor, the Medical Officer of Health and five resident ratepayers, at least two of whom shall not be

Municipal Government and Elections—continued

members of the Council, who shall be appointed annually by the Council at its first meeting in every year.

Pursuant to the foregoing authority, City Council on January 10, 1944, passed by-law No. 16064, which provides that the Local Board of Health of the City of Toronto shall consist of the Mayor, the Medical Officer of Health and five resident ratepayers, at least two of whom shall not be members of the Council, who shall be appointed annually by the Council at its first meeting in every year. Three of the five resident ratepayers appointed by the City Council at its inaugural meeting, this year, were elected representatives, namely, Aldermen Innes, Millen and Roelofson.

The function of the Board is to give direction to the enforcement of the provisions of the Public Health Act and regulations, and of all civic by-laws of health import.

INFORMATION RELATING TO MUNICIPAL ELECTIONS

BASIS OF VOTERS' LIST

In accordance with the Voters' List Act, the City Clerk is required to commence the preparation of the Voters' List, immediately after the return of the Assessment Roll for any Ward by

Municipal Elections—continued

the Assessor. The Assessment Rolls for the City of Toronto are returned by the Assessors to the City Clerk, at various times in the year, according to Wards, commencing with Ward 1 on March 3rd this year, followed at stated times by Wards 2, 3, 9, 5, 6, 7, 8, and lastly Ward 4 returnable on September 1st.

The Voters' List when completed for the whole City by Wards, is posted in the City Clerk's Office about the first week in November in each year. Two copies of the Voters' List are distributed to each Judge of the County of York, to the Mayor and each member of Council, to every postmaster in the municipality, to each local Member of the Federal and Provincial Governments, and to other authorized persons as set out in the Voters' List Act. These Lists are certified by the Clerk as being a correct list of all persons appearing by the last revised Assessment Roll, in the case of names on Part 1 of the List, to be voters at both Provincial and Municipal Elections, or, at Municipal Elections, in the case of names on Part 2 of the List.

The City Clerk, pursuant to the Voters' List Act, causes to be inserted, once a week for three weeks in such daily newspapers published in the City as may be directed by the Judge, calling upon persons who are aware of errors

Municipal Elections—continued

or omissions in the Lists, or, of any changes by reason of death or removal of any person named therein, or, of any person who has acquired the necessary qualifications as a voter since the return of final revision of the Assessment Roll for any Ward, to give notice of the same. The notice in the newspapers names a time and place at which the Judge will hold a Court, for revising the Lists for the whole City.

The time for making complaints as to errors or omissions in the Lists, is within fifteen days after the first publication of the notice in the newspaper, respecting the posting of the Voters' List by the City Clerk.

PERSONS ENTITLED TO BE ENTERED ON THE VOTERS' LIST

Every person shall be entitled to be entered on the Voters' List prepared under Part 1 or Part 2 of the Voters' List Act, who is,

(a) of the full age of 21 years;
(b) a British Subject by birth or naturalization;
(c) not disqualified under the Municipal Act or otherwise by law prohibited from voting; and
(d) rated or entitled to be rated for an amount of $400 on the last revised Assessment Roll of the City of Toronto,

Municipal Elections—continued

for land held in his or her own right as owner or tenant or who is the wife or husband of the person so rated or entitled to be rated for land as owner or tenant.

The Assessment Act as amended in 1939 provides that no portion of any building used or intended to be used as a residence shall be separately assessed unless it is a domestic establishment of two or more rooms in which the occupants usually sleep and prepare and serve meals.

IMPORTANCE OF NOTICE OF ASSESSMENT

Every person entitled to have his name entered on the Voters' List, should receive an assessment notice, prior to the date of the return of the Assessment Roll for his particular Ward. (See page 81) for date of return of Assessment Rolls). If you do not receive an assessment notice and possess the qualifications of a voter as shown above, it is probably because the proper information was not given to the Assessor when he called at your house to make the annual assessment. In such case, you should lodge an appeal with the Assessment Commissioner within ten days from the date of the return of the particular Assessment Roll to the

Municipal Elections—continued

City Clerk, to have the same corrected by the Court of Revision. It must be remembered, that the City Clerk only places the names of those persons on the Voters' List, who appear by the last revised Assessment Roll to possess the necessary qualifications to become voters. This neglect on the part of the citizen, is one of the chief causes for complaint on Election Day, that names of persons entitled to vote, have been left off the Voters' List.

The notice given in the newspapers about the first of November in each year, as to the posting of the Voters' List by the City Clerk, is the citizen's last and final opportunity to have his name added to the Voters' List. Fifteen days are allowed in which to examine the List and, if the same is not correct, to enter an appeal to have same corrected in accordance with the facts. It is the paramount duty of every citizen, to see that his name is included in the Voters' List, and also to exercise his municipal franchise on Election Day, as a means of furthering the good government of his particular municipality.

VOTING ON MONEY BY-LAWS

The persons qualified to vote on a money by-law shall be those persons shown on the voters'

Money By-laws—continued

list as, (1) owner; (2) tenant whose lease extends for the time for which the debt is to be created or in which the money to be raised by the proposed by-law is payable, or for at least twenty-one years, and who has by the lease covenanted to pay all municipal taxes in respect of the property, other than local improvement rates, provided he makes and files with the City Clerk not later than the tenth day before the day appointed for taking the vote, a declaration under the Canada Evidence Act, so stating;

(3) The nominee of a corporation assessed upon the last revised list as owner of property provided the said corporation, not later than the tenth day before the time appointed for taking the vote, files with the Clerk an appointment in writing of a person to vote as its nominee and on its behalf.

In a city divided into wards, a voter shall be entitled to vote on a money by-law in each ward in which he has the prescribed qualification, but **shall not be entitled to vote more than once on any other by-law or on any question submitted to the electors,** unless it is otherwise provided by the Act, by-law or other authority under which the vote is taken.

VOTERS' LIST 1945

Number entered thereon

Owners — part 1 residing on premises	96,844	
Owners — part 2 not residing on premises	34,683	131,527

1943	956,257,486	*31.6	29,034,132
1944	951,762,565	††32.85	30,171,255
1945	949,670,251	‡31.45	†28,616,451

*After deduction of Provincial Government subsidy of one mill.

**Rate made after deduction of Provincial Government subsidy of one mill and a further subsidy of one-half mill after rate was struck by Council.

††After deduction of Provincial Government subsidy of two mills on General Assessment, of which one mill was granted in 1944, for purposes of reducing taxation for educational purposes.

Assessment, Tax Rate and Tax Levy—continued

‡After deduction of Provincial Government subsidy of one mill, and a further reduction in the rate levied for school purposes, by an amount equal in total to $3,573,657, through Provincial Government grants on account of education.

†Estimated.

Note—The amount of taxes raised as stated herein may not balance with the amount found by calculating the mill rate on the assessment for any given year. The difference arises from the fact that a portion of the assessment is liable for school rates only.

COLLECTION OF TAXES

PAYMENT OF TAXES

Taxes for 1945 are payable as follows:

WARDS	Date of Installments		
	1st	2nd	3rd
1, 2 and 3	April 5th	June 5th	July 26th
4, 5 and 6	April 26th	June 26th	Aug. 16th

COURT OF REVISION

James A. R. Mason, Commissioner

The Assessment Rolls are returned and the Court sits to hear appeals against the general assessment of the City upon the following days:

Ward No.	Date for Return of Roll	Date of Commencing Court of Revision
1	March 3rd	April 3rd
2	March 31st	April 30th
3	April 21st	May 28th
9	May 12th	June 25th
5	June 9th	July 16th
6	July 7th	August 20th
7	July 21st	September 4th
8	August 18th	September 17th
4	September 1st	October 1st

Appeals must be filed within ten days after the return of the Assessment Roll, as stated on the notice of assessment, and must be lodged with the Assessment Commissioner.

The Court also sits from time to time throughout the year to hear appeals in respect of local improvement works, vacancy allowances and business tax adjustments.

The City Clerk is the Clerk of the Court.

Sittings of Court are held in Committee Room, No. 2, City Hall, 2nd Floor, East side.

DEPARTMENT OF WORKS
AREA OF CITY AND STATISTICS RE STREETS, SEWAGE DISPOSAL, WATER WORKS, ETC., AS OF DECEMBER 31st, 1944

Area of City, not including portion of land covered by water, is about 35 square miles.

Average Daily Consumption per Capital in City (based upon population of 676,887), 1944	113

BIRTHS, MARRIAGES AND DEATHS

All births and marriages must be registered at the City Clerk's Office, Room 150, first floor, City Hall, North side, within thirty days from the occurrence thereof.

Telephone Adelaide 7171, Local 18, for general information respecting Vital Statistics.

Physicians in attendance are required to send in notices of births; parents or occupants of dwellings where births occur are required to register same.

Deaths must be registered at the City Clerk's Office, Room 150, first floor, City Hall, North side, or at any police station, before a permit to bury can be issued.

Physicians in attendance are required to certify as to deaths.

Neglect or failure to send in notices in either case renders parties liable to a fine not exceeding ten dollars and costs.

Vital Statistics for Ten Years

Year	Births	Marriages	Deaths
1944	**15,039**	**7,699**	**8,554**
1943	15,666	9,423	8,726
1942	14,376	12,123	8,226
*1941	12,316	10,723	8,093
1940	11,371	9,629	7,755
1939	10,553	8,057	7,450

Births, Marriages and Deaths—continued

Year	Births	Marriages	Deaths
1938	10,875	7,084	7,339
1937	10,425	6,890	7,468
1936	10,826	6,491	7,478
1935	11,012	6,445	7,150

*Births and Deaths include stillbirths, with the exception of 1941 birth figures.

Marriage License Branch

Marriage Licenses issued during office hours at Room 151, first floor, City Hall, North side.

Telephone Adelaide 7171, Local 17.

The number of Marriage Licenses issued by the City Clerk in 1943, was 8,469.

Unless a marriage is solemnized within three months from the date of issue of the Marriage License, the License lapses without any provision for an extension of time. No rebate or refund of the fee for a Marriage License is permissible in any circumstances.

A Birth Certificate or other evidence filed with an application for a Marriage License is not returnable.

When neither applicant has his or her usual place of abode in the Province of Ontario, the

Births, Marriages and Deaths—continued

Assistant Provincial Secretary, Parliament Buildings, Toronto, must be communicated with respecting the necessary evidence required in such cases: or with respect to special authorization.

Compliance with certain regulations is required in the case of an applicant who is divorced and the divorce took place outside the Dominion of Canada; a copy of such regulations may be obtained from the Assistant Provincial Secretary, Parliament Buildings, Toronto.

DEPARTMENT OF PUBLIC HEALTH

The Administrative offices of the Department of Public Health are located on the Third Floor, City Hall. Telephone Adelaide 7171.

DISTRICT OFFICES

The Divisions of Medical Services and Public Health Nursing discharge their functions of city-wide health services through 8 District Offices, each under the joint direction of a District Medical Officer and District Superintendent of Nurses. District Offices are located strategically from west to east over the City as follows:

Runnymede—357 Runnymede Rd. ..... JU. 8959
Parkdale—53 Argyle St. ..... ME. 5709
Hillcrest—760 Spadina Ave. ..... KI. 4164
Yorkville—2398 Yonge St. ..... HY. 7914
University—760 Spadina Ave. ..... RA. 3116
Moss Park—18 Gifford St. ..... MI. 8681
Riverdale—281 Broadview Ave. ..... HA. 2185
East End—299 Main St. ..... GR. 1144

HEALTH STATISTICS

Toronto continues to enjoy a satisfactory standard of health as revealed by the 1944 statistics and this is due, in no small measure, to the constant vigilance of all branches of public health control. Safeguarding the water,

Department of Public Health—continued

milk and food supply, supervision of the environmental sanitation, active control of communicable diseases, home visiting and the conduct of health clinics, vaccination against smallpox, and immunization against diphtheria and whooping cough, all these and many other services have resulted in better health for Toronto's citizens.

The general mortality rate for 1944 was 12.1 per 1,000 population and is an improvement of 2.4 per cent. over the 1943 rate. A study of the main factors underlying the general death rate again reveals that over two-thirds of the total number of deaths are attributed to diseases of the heart, arteries, kidneys, intracranial lesions of vascular origin, cancer and diabetes mellitus. Going hand-in-hand with this concentration of deaths due to diseases commonly associated with later adult life, the average age of death has advanced from 39 years to slightly over 60 years during the past quarter of a century.

An outstanding feature, particularly in wartime, was the decrease in both cases and death rate from tuberculosis. The benefits that have resulted from the constant efforts of public health authorities are reflected in the mortality rate of 31.3 per 100,000 population, the third lowest rate in the history of the City. Cases declined

for the first time since 1939 and when we realize that 13 per cent. of all reported cases were discovered by means of mass surveys in large industrial, commercial and other organized agencies, the value of such service is well demonstrated.

A perusal of the incidence of diseases in the acute communicable group reveals that control was well-maintained with 20 fatalities being reported for the group as a whole. Of special interest is the all-time low mark of only 8 cases and no deaths reported from Typhoid Fever. Also free from fatalities were Measles, Mumps, Encephalitis Lethargica, German Measles and Smallpox. The record of 20 cases and 4 deaths from Diphtheria was disappointing in view of the absence of deaths and only 16 cases reported last year.

The improved birth rate, evident during the last few years, continued on the same high trend and a rate of 21.9 per 1,000 population was recorded. Non-resident mothers, recognizing the value of Toronto's excellent hospital facilities accounted for over 30 per cent. of all births, and this percentage has been increasing steadily during the past decade as shown by the fact that in 1934 it was only 14 per cent.

Further progress also is noted in the field of infant welfare, and deaths of infants under

one year of age have decreased to a new minimum rate of 36.4 per 1,000 living births. Toronto has been fortunate in establishing a new low record for eight consecutive years and this attests to the value of the services directed towards saving the lives of infants.

Despite the increased number of confinements during the past few years deaths associated with childbirth have been on an excellent level with a rate of 2.6 per 1,000 live births in 1944. The importance of early pre-natal care and supervision so emphasized by all the health agencies has undoubtedly proven a factor in the lowering of maternal mortality. This is a significant reduction when compared with the average rate of 5.8 which prevailed during the 10 years immediately preceding the war.

To have attained this degree of success in the promotion and conservation of health the assistance of many individuals and organizations has been required, and due appreciation is accorded by the Department of Public Health to all participating, private physicians, hospitals and staffs, health and welfare agencies, and to the citizens of Toronto for their co-operation.

Department of Public Health—continued

CIVIC AMBULANCES

Telephones, Adelaide 5678-5679

The Civic Ambulance Service, under the control of the Department of Public Health, is located at the Coroners' Building, 86 Lombard Street.

A limited service is provided, restricted in scope to answering calls of an emergent nature such as street accidents and similar happenings; the transportation of non-emergent cases to a public hospital when the hospital maintenance of such person is to be at public expense, i.e., a City Order case, and the transportation of all cases of communicable disease. Separate ambulances and staffs are provided for the respective services mentioned.

All calls of whatever nature should be directed to the Coroners' Building, telephone, Adelaide 5678, where the attendant on duty will allocate the call if it is within the above categories, or otherwise advise the enquirer if service cannot be given.

In case of accident, the patient, if of adult age and conscious, has the right to select the hospital or other destination within the City to which it is desired to be taken. In the case of children or those in an unconscious condition,

Department of Public Health—continued

a physician, if one is in attendance at the scene of accident, will undertake direction of the ambulance. In the absence of a physician, this duty then develops on any police officer present, and failing either of these authorities the ambulance crew will then take responsibility for removal of the injured person.

In cases where a person is found dead and a physician has not been in immediate attendance, the Chief Coroner's office, 86 Lombard Street—telephone, Adelaide 5670 — should be called without delay.

PUBLIC HOSPITALS

The Public Hospitals in the City are located as follows:

Toronto General Hospital, 101 College St.

St. Michael's Hospital, 30 Bond St.

Hospital for Sick Children, 67 College St.

Western Hospital, 399 Bathurst St.

St. Joseph's Hospital, 1830 Queen St. W.

Women's College Hospital, 74 Grenville St.

Salvation Army Grace Hospital, 133 Bloor St. East.

Toronto East General Hospital, Coxwell and Sammon Avenues (East York).

Mt. Sinai Hospital, 100 Yorkville Ave.

Wellesley Hospital, Homewood Place.

Department of Public Health—continued

Lockwood Clinic Hospital, 300 Bloor St. E.
Mothercraft Centre, 49 Clarendon Ave.

The Runnymede Hospital (for the chronically ill), Runnymede and St. John's Road (under construction).

OTHER HOSPITALS AND INSTITUTIONS

Riverdale Isolation Hospital, Gerrard St. East and St. Matthews Road.

Toronto Hospital for the Treatment of Tuberculosis, Buttonwood Avenue (Mt. Dennis).

Daughters of the Empire Hospital for Convalescent Children, Sheldrake Blvd.

The Queen Elizabeth Hospital for Incurables, 130 Dunn Ave.

Our Lady of Mercy Hospital, 38 Sunnyside Ave.

Home for Incurable Children, 278 Bloor St. E.

Ontario Hospital for Insane, 999 Queen St. W.

Psychiatric Hospital, Surrey Place.

Hillcrest Convalescent Hospital, Bathurst St. and Davenport Rd.

Christie Street Hospital for Soldiers, 352-390 Christie St.

St. John's Convalescent Hospital, Newtonbrook, Ont.

DEPARTMENT OF BUILDINGS

Kenneth S. Gillies, Commissioner of Buildings.
Room No. 18, Ground Floor City Hall
Telephone, Adelaide 7171

The Department of Buildings has charge of the following:

1. The examination of Plans, and issuing of permits for all buildings.
2. The licensing of Passenger Elevators.
3. The licensing of Dry Cleaning, and Spotting and Stain Removing establishments.
4. The preparation of plans and specifications and the supervision of erection of Civic Buildings.
5. The inspection and supervision of all Signs, Canopies and Fire Escapes over Public Property.

During the past year 46 licenses were issued for the operation of Dry Cleaning Plants and 211 licenses were issued for Spotting and Stain Removing Establishments including Fur Cleaning Firms.

Licenses were granted for the operation of 1,281 Passenger Elevators.

BUILDING STATISTICS FOR TEN YEARS

Year	Permits Issued	Buildings Erected	Value of Buildings Erected
1935	4,467	5,157	$ 9,905,455

1944	3,388	3,665	7,722,438

DEPARTMENT OF PUBLIC WELFARE

Administrative offices of the Department of Public Welfare are located in the Stewart Building, 149 College Street. Telephone WA. 1082

Emergency Services—Nights, Sundays, Holidays—Telephone WA. 3061.

A. W. Laver—Commissioner.

DISTRICT OFFICES

Applications for assistance are received, investigated, and aid issued under supervision of three District Welfare Officers from offices conveniently located to serve the divisions into which the City is divided for all welfare purposes. A Social Services Supervisor and staff are also on duty in each District Office. These offices are located as follows:

West District, Bathurst St. to West City Limits, 2368 Dundas St. West. Telephone ME. 4657.

Central District, Bathurst St. to Don River, 75 Church St. Telephone WA. 3061.

East District, Don River to East City Limits, 1298 Gerrard St. East. Telephone HA. 1161.

DEPARTMENTAL DIVISIONS AND SERVICES

Division of Social Care, 149 College St. Telephone WA. 1082.

Division of Hospitalization, 149 College St. Telephone WA. 1082.

Department of Public Welfare—continued

Division of Old Age Pensions, 149 College St. Telephone WA. 1082.

Division of Mothers' Allowances, 149 College St. Telephone WA. 1082.

Accounting Division, 149 College St. Telephone WA. 1082.

Single Men's Division, 75 Church St. Telephone WA. 3061.

Housing Division, 75 Church St. Telephone WA. 3061.

Placement Division, 75 Church St. Telephone WA. 3061.

EMERGENCIES

To meet emergencies a service is provided at night, on Sundays and during holidays at the Department's Central Bureau, 75 Church St. (WA. 3061), where cases arising after office hours receive prompt attention through the provision of food, lodgings, medical services, or the care of children arising through eviction of families or other reasons. In addition to this emergency service provided through the Central Bureau a designated senior officer of the Department is always on call in the event of unusual developments.

SEATON HOUSE

Seaton House is a home provided for single men where every endeavour is made to provide

rest, nourishment and supervision. These men are convalescing after hospital care, or they are ill, aged or only partially employable. A nurse and physician are always available and a qualified orderly is on the premises at all times and medicines are issued on the advice of the physician and nurse. There are men over 70 years of age but not eligible for pension because of broken residence or they are not naturalized citizens. A special section is maintained, including living quarters, kitchen, wash room and dining rooms for tubercular cases where, through sanatorium treatment, the disease has been arrested but the men require rest and special food, etc.

PLACEMENT DIVISION

A Placement division is maintained with an officer in charge who, through co-operation with the National Selective Service offices, endeavors to find suitable employment for those who by reason of physical disabilities were required to receive public assistance. Where possible the partially employable person is given a new start in some class of work where his or her health and experience gives opportunity for gainful employment. Many who are in receipt of public assistance are brought before the Medical Board at intervals with the object of

Department of Public Welfare—continued

determining their fitness for work and assisting them in finding the right type of work.

HOUSING DIVISION

A Housing Division is maintained to assist all citizens in retaining or securing suitable living quarters and in preventing evictions where possible. Advice is also given with respect to the rental of property or sale regulations, and action is taken to care for all emergencies pertaining to the shelter of citizens.

UNEMPLOYMENT RELIEF

To those eligible, unemployment relief is issued on an emergency basis or, after investigation, regularly each half month. Provision is made for food, fuel, shelter, clothing and medical services, expenditure for all of which, on an authorized basis, is subject to Government rebate at prevailing rates. The Department in addition provides supplementary and other necessary forms of assistance at full cost to the City.

DETENTION HOME

The Detention Home was transferred to the Department of Public Welfare on November 15th, 1943. Chapter 316, of the Revised Statutes of Ontario, 1937, provides for both Juvenile Courts

and Detention Homes, and requires the municipality to establish such an institution which must be satisfactory to the Attorney-General. The Corporation is required to pay all expenses of maintaining children in any Detention Home. It is hoped to bring about some improvement in this Home as at present located and the Department's investigations are continuing and by progressive, adequate and logical direction these children should be beneficiaries of some improved plan for their well-being and future value as Canadian citizens.

RUNNYMEDE HOSPITAL

(Under Construction)

Runnymede Hospital, located at the corner of Runnymede and St. Johns Roads, was established and incorporated under provision of the statutes of Ontario and when completed will provide bed accommodation for approximately 130 chronically-ill patients.

The Hospital office is at the Department of Public Welfare. The officers are as follows:

Mr. Luther F. Winchell, President.

Controller Wm. J. Wadsworth, First Vice-President.

Mr. Cecil W. Armstrong, Secretary-Treasurer.

TORONTO OLD AGE PENSIONS BOARD

(Appointed under Old Age Pensions Act, Ontario, R.S.O. 1937, Chapter 314).

The Board consists of five persons; three appointed by the Province and two by the Municipality.

Its duty is to receive all applications for Old Age Pensions and Blind Pensions made by residents of the City of Toronto; and forward them, together with their recommendations to the Old Age Pensions Commission of Ontario.

MEMBERS OF THE BOARD

C. M. Carrie, Chairman

Robert Ferguson

Zeph Hilton

Mrs. W. A. Walker

Secretary's Office

Department of Public Welfare
Stewart Building, 149 College Street, Toronto.
Telephone, Waverley 1082.

The actual number of Toronto residents receiving Old Age Pensions at December 31, 1944 was 11,044. The amount paid out in Pensions during 1944 was $3,651,449.31.

Toronto Old Age Pensions Board—continued

At December 31, 1944, 252 persons in Toronto were receiving Blind Pensions, and the amount paid on their behalf totalled $83,778.48.

The City is required to provide office space, staff, etc., and these for administrative purposes constitute a division of the Department of Public Welfare.

MOTHERS' ALLOWANCES TORONTO BOARD

(Appointed in pursuance of the Mothers' Allowance Act, R.S.O., 1937, Chap. 313.)

The Board consists of five persons; three appointed by the Province and two by the Municipality.

Its functions are to receive and consider applications for allowances under the Act made by residents of the City of Toronto and to recommend to the Ontario Mothers' Allowances Commission the payment of allowances to those considered eligible.

A monthly allowance may be paid towards the dependent children of a mother with at least one child under sixteen years of age in her care, who is

(a) a widow, (b) or a mother with a totally and permanently incapacitated husband, (c) or a deserted mother, whose husband has not been heard of for at least three years, (d) or a foster mother, who is married or unmarried and has resident with her one or more orphan children and has not adequate means to care properly for them without the assistance of an allowance. In all cases the applicant must be a British subject by birth or naturalization or is the widow or wife

Mothers' Allowances Toronto Board—continued

of a British subject and has resided in the Province of Ontario for at least two years.

All applications are received and considered by the Department of Public Welfare—Mothers' Allowances Division—and directly submitted to the Ontario Mothers' Allowances Commission.

Amount paid out to Toronto beneficiaries for 1944 .....$721,757.20

DEPARTMENT OF STREET CLEANING

Administrative Office — Ground Floor, west corridor, City Registry Office Building, 90 Albert Street. Telephone, Elgin 8369.

H. D. Bradley, Commissioner.

The general services performed by the Department of Street Cleaning include the cleaning of public thoroughfares, collection and disposal of ashes and household waste material, the cleaning of catch basins, the oiling of unimproved roadways, the removal of snow and the placement of abrasives on highways.

For refuse collection purposes, the area of the city is divided into 23 foremen's districts which are again subdivided into three sections, thus permitting a twice-weekly collection in all parts of the city. The average area of each foreman's district is 969 acres, with approximately 25 miles of streets and 6.9 miles of lanes.

For the performance of street cleaning work, there are 5 foremen's districts comprising the downtown and business sections of the city, while the remaining sections are under the jurisdiction of the refuse collection foremen.

During 1944, there was a daily average of 950 men employed in the various services. 155 truck drivers, 48 horse drivers and 260 labourers were regularly engaged in the refuse collection service.

Department of Street Cleaning—continued

The Department collected 310,000 tons of ashes and 155,000 tons of garbage during 1944. The ashes were deposited in land fills in ravine areas, while all garbage was destroyed by incineration at three high-temperature destructors.

There are 576 miles of streets in the City of Toronto, 546 miles of which are paved and receive regular cleaning. During the summer season of 1944, 124,000 cubic yards of litter were removed from the streets, while 9,000 cubic yards of cleanings were cleared from the catch basins located on these thoroughfares.

When heavy snow falls occur, 240 miles of main arteries receive plowing and from a greater portion of which snow is completely removed. A secondary plowing service is carried out in residential areas upon the completion of the main plowing schedule. All highways, intersections and crosswalks are treated with rock salt and sand during icy weather as a protection for motorists and pedestrians.

TORONTO MUNICIPAL ABATTOIR

Earl E. Hunt, Commissioner.

This service was inaugurated August 4th, 1914, as a public slaughtering establishment with cold storage (high and low temperature) accommodation. It is essentially to the greatest extent a public health institution, and while the fact of its existence may perhaps at times have had a tendency to regulate the price of meats, the purpose of its establishment was to concentrate the slaughtering of food animals within the City, so that the evils attendant upon the operation of small slaughter houses might be eliminated.

Slaughter House Records, 1944

	Number Slaughtered
Cattle	37,619
Calves	24,037

FIRE DEPARTMENT

George Sinclair, Chief of Department

The Fire Department consists of one Chief of Department, one Deputy Chief, one Assistant Deputy Chief, one Secretary, one Physician, one Accountant, one Record Clerk, two Stenographers, fourteen District Chiefs, one Superintendent Fire Alarm Telegraph, one Assistant Superintendent, three Linemen, four Telephone Operators, four Fire Alarm Telegraph Operators, one hundred and eighteen Captains, one Mechanical Superintendent, three Helper Mechanics, four hundred and eighty (all grades) Firemen, eight Fire Prevention Inspectors, and one Janitor, making a total strength of six hundred and forty-five.

The Department operates under the two-platoon system, operating in two shifts—8 a.m. to 6 p.m., and 6 p.m. to 8 a.m., changing every Sunday, one crew working full twenty-four hours. In addition, each member is allowed one day off each week and fifteen days' annual vacation with pay. If in service over ten years the annual vacation is three weeks. Each member is supplied with uniform clothing by the City.

There is in the Department in service:

21 800-gallon motor pumpers.

1 400-gallon motor pump.

Fire Department—continued

8 Motor aerial turn-table hook and ladder trucks and portable water towers combined.

11 Motor city service ladder trucks.

10 Combination hose motor trucks.

2 High pressure hose trucks.

1 Motor salvage truck.

2 Supply trucks.

2 Repair trucks.

1 Gasoline supply truck.

1 Fire Alarm Telegraph emergency truck.

12 Automobiles.

1 Fire Tug, capacity 1,000 imperial gallons.

72,000 feet 2½-inch fire hose.

6,650 feet 3½-inch high pressure hose.

22,000 feet 2-inch fire hose.

Cost of fire-fighting plant and equipment (exclusive of land and buildings) is $883,191.

Cost of Fire Alarm Signal plant, $279,069.

Value of buildings and land occupied by same, $1,297,798.

DEPT. OF CITY PLANNING AND SURVEYING

RATES TO BE CHARGED FOR MOVING HOUSEHOLD GOODS AND OFFICE FURNITURE

Schedule "A"

Section 33 of By-law 204 of the Board of Commissioners of Police for the City of Toronto, provides in part for the following tariff:

	Rates—Subject to Notes 1, 2 and 3
A. COVERED VANS:	
Up to 600 cubic feet capacity	$2.25 per hour
Over 600 and not over 800 cubic feet capacity	3.00 per hour
Over 800 cubic feet capacity	3.75 per hour
B. OPEN OR TARPAULIN-COVERED TRUCKS:	
With body length not over 10 feet	$1.75 per hour
Over 10 and not over 12 feet	2.00 per hour
Over 12 feet	2.50 per hour

Foregoing rates to include vehicle and driver. When extra men supplied—75c. per hour per man additional.

Rates to be Charged for Moving Household Goods and Office Furniture—continued

C. HORSE-DRAWN VEHICLES:

For one horse wagon .....$1.10 per hour

For two horse wagon ..... 2.00 per hour

Foregoing rates to include vehicle and driver.

NOTE 1:

For the purpose of this Tariff "COVERED VANS" shall mean any vehicle, other than an open or tarpaulin-covered truck, or wagon, used for the conveyance of household goods and office furniture, the body of which is completely enclosed on all sides except at the loading entrance thereof.

NOTE 2:

If vans of greater cubic capacity or trucks of greater body length are supplied than are necessary to contain the goods, the rate to be charged will be that of a van of lesser capacity or truck of lesser body length suitable therefor.

NOTE 3:

The above charges to commence from the time the vehicle leaves the office, warehouse or stand to take up load and to continue until its return thereto.

Rates to be Charged for Moving Household Goods and Office Furniture—continued

D. PIANO MOVING:

Upright pianos from ground floor to ground floor:

Within a radius of four miles, $4.00 each
Beyond a radius of four miles, 6.00 each

Ordinary Grand Pianos
$1.00 plus charge for upright

Concert Grand Pianos
$2.00 plus charge for upright

EXTRA HANDLING:

For each floor above ground floor (when taken up or down stairs) .....
$1.00 plus moving charge

Lowering or hoisting, one floor .....
$4.00 plus moving charge

Lowering and hoisting, one floor .....
$7.00 plus moving charge

Lowering or hoisting, one floor (when not moved) $5.00

Lowering or hoisting over one floor, each additional floor $2.00

Work-cards must be used when operating under this Schedule as provided for in Section 27 of this By-law.

Rates to be Charged for Moving Household Goods and Office Furniture—continued

For other rates, see By-law No. 204 of the Board of Commissioners of Police for the City of Toronto, copy of which may be obtained from License Office of City Hall.

PARKS AND PLAYGROUNDS

PARKS DEPARTMENT
Room No. 15, Ground Floor City Hall
Telephone Ad. 7171
Charles E. Chambers, Commissioner of Parks

The Park System of Toronto comprises 2,188.691 acres of land and water (2,029.561 land, 159.13 water).

There are 102 large and small park and playground areas in the system. In the summer season 41 children's playgrounds are operated within the system in addition to which 43 further playgrounds are operated upon school grounds. During the winter season 66 recreation centres are operated by the Parks Department, of which 58 are operated in school buildings. The registered attendance of children attending these playgrounds in 1944 was 66,634.

The following is a summary of the recreation facilities provided in the Park System:—

Equipped playgrounds (including 15 wading pools)	84
Baseball fields	76
Cricket fields	13
Football fields	45
Lacrosse courts	1
Horseshoe pitches (55 courts)	5

Parks and Playgrounds—continued

Tennis courts	309
Bowling greens	36
Skating rinks	70
Hockey rinks	61
Toboggan slides	15
Bathing stations	7
Boating stations	3
Fieldhouses	60
Running tracks	2
Picnic areas (accommodation for over 100 persons each)	109

The trees upon the streets of the City, as well as those in the parks, are under the care of the Parks Department. During the past year 93,148 trees upon the streets were sprayed; 1,309 were removed and 13,110 were pruned.

The Exhibition Buildings and Grounds, in which the Canadian National Exhibition is generally held, are maintained by the City through the Parks Department. As the buildings and grounds are under military occupation for the duration of the war, the cost of their maintenance in that period is borne by the Department of National Defence.

LOCAL IMPROVEMENT WORKS

When the owners of property on any street or lane desire a pavement, sidewalk, curbing, grading, sewer or water main, or when the property owners in any locality desire the opening, widening, extension or diversion of a street or lane, application should be made to the Department of Works for a form of petition to the Council for the work or improvement. The petition issued by the Department contains an estimate of the cost of the work and the estimated rate of assessment per foot frontage. When the petition has been signed by two-thirds in number of the owners representing at least one-half in value of the lots liable to be specially assessed, the Council, with the approval of the Ontario Municipal Board, may proceed with the work and subsequently assess the cost against the lots abutting directly on the work.

If it is found, when the petition is presented, that the names of two-thirds in number of the property owners representing at least one-half in value of the property have not been obtained, and if the Council nevertheless determines, on the recommendation of the Commissioner of Works, that the work is necessary and in the public interest, it may direct, with the approval of the Ontario Municipal Board, that the work be proceeded with unless a majority of the interested

Local Improvement Works—continued

property owners, representing at least one-half in value of the property to be assessed, petition against it within one month after the Council has given notice of its intention to proceed therewith. The foregoing procedure, which is called the "initiative" procedure, may also be followed on the recommendation of the Commissioner of Works, or on the joint recommendation of the Commissioner of Works and Assessment Commissioner, in the case of certain works, when there has been no petition for the improvement.

Under authority of section 8 of the Local Improvement Act, the Council, if it deems a work necessary in the public interest, may proceed therewith, with the approval of the Ontario Municipal Board, notwithstanding any petition to the Council opposed thereto. The vote of the Council to proceed with the work must be a two-thirds vote of the whole Council.

Where the work is a trunk sewer, trunk water main, or the opening, widening, extending, diverting or grading of a street, the Council may by a three-fourths vote of the whole Council assume part of the cost and assess part of the cost against abutting lands and also lands benefited by the work.

WATER RATES

Payment of Rates

Water rates are payable as follows:

GENERAL RATES

District No. 1 — Being all that part of the City east of the Don River; rates payable half-yearly on or before each last day of April and October.

District No. 2 — From the Don River to and including Yonge Street; rates payable half-yearly on or before each last day of May and November.

Number of Separate Schools	39

PUBLIC LIBRARIES

The management and control of the Public Libraries of the City are vested in the Toronto Public Library Board, appointed pursuant to the provisions of the Act respecting Public Libraries and Art Schools (Chap. 202, R.S.O. 1914) and composed of the Mayor of the City and eight others, three of whom are appointed by the City Council, three by the Board of Education, and two by the Separate (Catholic) School Board. The persons appointed by the City Council and the Board of Education hold office for three years, and those by the Separate School Board for two years. These members retire in rotation at the end of their respective terms on the 31st of January.

The Board holds its regular meeting on the second Tuesday of each month, and the Libraries and Finance Committee meets on the next preceding Thursday.

The Libraries are maintained by an annual appropriation from the tax rates, under legislative enactment, of an amount not to exceed fifty cents per capita of the population of the City as shown in the returns of the Assessment Department. This appropriation is obligatory, but a vote of a majority of the members of the Council present and voting the appropriation may be increased to an amount not exceeding one dollar per capita.

The Administration Offices are located in the Central Library Building, corner College and St. George Streets. Telephone (switchboard), KIngsdale 1151.

The Downtown Circulating Library is at No. 42 Adelaide Street West.

The Reference Library, the Business and Technical Library, and the Central Circulating Library are located in the main Library building, situated at the corner of St. George and College Streets. Immediately north of this building there is a well-equipped Boys' and Girls' Library in the Boys' and Girls' House. There are seventeen Branch Libraries (including a library for the troops in training in Exhibition Park) and also Stations in nineteen Schools and Settlements, etc.

The cost of the main building at College and St. George Streets, and of the Branches on Yorkville Avenue, Queen Street West, Annette Street, Broadview Avenue, Roncesvalles Avenue, Bathurst Street and Queen Street

Public Libraries—continued

East was met by funds provided by the late Andrew Carnegie. Sites and buildings for the other branch libraries were secured by special appropriations from the City.

The Reference Library is open from 10 a.m. to 9.30 p.m.; the Central Circulating Library from 9 a.m. to 9 p.m.; the Downtown Branch from 8.30 a.m. to 8 p.m.; the remaining branch libraries from 2 to 9 p.m.; but closing on Wednesdays. The Boys' and Girls' Library, on St. George Street, opens at 10 a.m. and closes at 6 p.m.

The main building includes, in addition to the administrative offices and the Reference and Circulating Divisions, the Central Reading Room, with an ample supply of the leading Canadian, British and American newspapers and magazines; the Music Library, a popular branch of the lending system; the Reference collection of the bound volumes of the Canadian, British and American patent specifications; a valuable collection of Government documents, and a Bureau of Clippings, these gathered from current periodicals for reference purposes.

In the Circulating portion of the main building are also housed the Kipling Room, with its special collection of books for boys and girls of High School age, and the John Ross Robertson Collection of engravings, prints and paintings illustra-

tive of early life in Canada (the largest and most valuable collection of Canadian prints in existence). This room is open to the public daily without charge.

LIBRARY STATISTICS, 1944

Boys' and Girls' books used	1,466,706
Books and pamphlets added	62,805
Total number of books and pamphlets in the Libraries	681,763

TORONTO RECONSTRUCTION COUNCIL
(Post-War Planning)

The Toronto Reconstruction Council was established by the City Council under By-Law No. 16051 (December 14th, 1943). The function of the Toronto Reconstruction Council is to act in an advisory capacity to the City Council on matters pertaining to post-war planning for the City of Toronto.

The terms of reference, as set forth in By-Law No. 16051, are "to examine into and report on (a) the position, powers, duties and responsibilities which it is considered that the Municipality should have in the post-war era, (b) the plans and policies which it is recommended should be adopted by the Municipality, so that in co-operation with Federal and Provincial Governments and with trade, industry and labour, provision may be made for employment and social security."

The personnel of the Toronto Reconstruction Council is composed of representatives from various community organizations.

One person is nominated by each of the following bodies:

Adult Educational Association
Advertising and Sales Club of Toronto Inc.
Baptist Church Convention of Ontario and Quebec

Two persons nominated by each of the following bodies:

Board of Control
Canadian Congress of Labour
Canadian Pensioners' Association
Canadian Red Cross Society (Toronto Branch)
Trades and Labour Congress of Canada

Three persons nominated by each of the following bodies:

Canadian Corps Association
Canadian Legion

Three representatives of women, one nominated by each of the following bodies:

Imperial Order Daughters of the Empire
Red Cross Society of Toronto
Women Electors' Association of Toronto

Five representatives of youth, not over twenty-nine years of age, one to be nominated by each of the following bodies:

Young Men's Board of Trade

Toronto Reconstruction Council—continued

Young Men's Canadian Club
Young Men's Christian Association
Young Women's Christian Association
Junior League

The Toronto Reconstruction Council is also empowered to appoint other individuals, in addition to the above, who, it considers, will contribute to the work of the Council.

The activities of the Council are largely carried on through the Executive and Advisory Committees. The Chairmen of the Advisory Committees with the executive officers, comprises the Executive Committee.

The Advisory Committees, with their respective chairmen, are listed below:

Powers and Duties—Mr. E. Macaulay Dillon, K.C.
Liaison—Controller Wm. J. Wadsworth.
Rehabilitation of Members of the Armed Forces —Mr. W. C. Dies.
Social Security and Services and Community Welfare—Mrs. Kaspar Fraser.
Employment in Industry—Mr. W. D. Jones.
Employment in Commerce—Mr. M. T. Ellis.
Employment on Post-war Works— Mr. J. C. Woolsey.
Community Research—Mr. A. McD. McBain.
Public Relations—Mr. J. G. Johnston.

TORONTO HOUSING BOARD

By By-law No. 16018, passed on November 1, 1943, the Toronto Housing Board was established as an Advisory Board to the City Council and given the following powers and duties:

(a) To consider, study and prepare proposals and plans and from time to time to advise the Council on any and all matters connected with the construction of public low-rental housing projects or schemes within and adjacent to the limits of the Corporation so as to cope with the present housing shortage and prepare for a larger post-war solution of the housing problem of low-income families.

(b) To consider and advise as to the most suitable areas in which to provide proper housing accommodation for such families.

(c) To consider and advise as to design and construction costs of suitable low-rental housing projects, and as to the availability of labour, materials, equipment and priorities and similar matters and generally all administrative matters, such as personnel, rent schedules, selection of tenants, revenues and all matters connected therewith.

(d) To prepare and submit site, design and construction plans in detail of a proposed low-

Toronto Housing Board—continued

rental housing project or scheme for low-income families, to be undertaken as a model scheme, such plans to be prepared in time to permit the commencement of the construction of such project or scheme during the year 1944.

(e) To advise the Council as to the legislation which, in the opinion of the Board should be sought from the Provincial and Federal Governments.

(f) To make such surveys or investigations of housing conditions as may be considered necessary or as may be requested by the City Council.

(g) Generally to consider and advise in relation to the master plan to be submitted by the City Planning Board upon all matters in connection with slum clearance and rehousing and rehabilitation schemes.

(h) To requisition from any Department of the Corporation such technical assistance as the Board may require and to undertake the technical work required in connection with any housing project or scheme.

(i) To acquaint the citizens with the merits of various housing projects or schemes as they are developed and in this connection to consult, whenever it may be deemed advis-

Toronto Housing Board—continued

able, representative citizens and to acquaint the public with any particular project or scheme under consideration.

(j) To select and employ clerical, technical and other staff as the Board may consider necessary.

The present members of the Board are:

Mrs. George D. Kirkpatrick

Mr. Norman S. Caudwell, K.C.

Alderman Wm. H. Collings

Mr. Wm. Jenoves

Mr. A. W. Laver
Commissioner of Public Welfare

Mr. Robert Rae

Mr. Wm. L. Somerville

Secretary at the City Clerk's Office, Room 209, City Hall.

FORMER MEMBERS' ASSOCIATION OF TORONTO CITY COUNCILS OFFICERS, 1945

President

Former Alderman H. M. Davy

Former Members' Association of Toronto City Councils, 1945 — continued

Objects:

(a) To foster and maintain a spirit of good fellowship among former members of the Toronto City Council;

(b) To enable ex-members of the Toronto City Council to meet periodically, to consider, in the light of their experiences and interest in civic affairs, current problems confronting the citizens of Toronto, and to inform themselves as to the relevant facts in relation thereto; to make their individual and collective contribution to good civic government and to progress in the civic life in Toronto.

CANADIAN NATIONAL EXHIBITION

Closing of Canadian National Exhibition for the duration of the war.

Pursuant to a request received from a representative of the Department of National Defence, Ottawa, for the continued operation and use of various buildings at the Exhibition Grounds for Military purposes and for the reason that the holding of the Exhibition as usual would seriously interfere with war activities at this location, and it being absolutely essential that the Active Forces remain in possession of the buildings, the Board of Directors of the Canadian National Exhibition Association decided to accede to the desires of the Dominion Government, and postpone the Annual Exhibition until after the war.

The show of 1941, the third held under war conditions since aggressor nations launched their attack on the world was in many respects the best ever conducted by the Association. A new attendance record of 267,000 for one day was set on Labour Day. The ready adaptability of the Exhibition to war-time needs was demonstrated

Canadian National Exhibition—continued

and in a variety of ways it contributed handsomely to the war effort. The national morale was improved, business was stimulated and Canada showed the world she is looking to a quick resumption of the arts of peace when victory shall have been achieved.

Out of war was born the precursor of the Canadian National Exhibition in 1792 when the Niagara Agricultural Society was formed in the then wilderness near Newark, now Niagara-on-the-Lake. Its organizers were composed largely of United Empire Loyalists who had come to this country after the American Revolutionary War. With the primitive means at hand with which to develop the agricultural resources of the fertile Niagara Peninsula they laid the foundations of what was to become the world's greatest annual exposition. Governor John Graves Simcoe, first governor of Upper Canada, was keenly interested in the society, subscribing liberally to the prize money and offering encouragement in many ways.

There were many obstacles to be overcome in those early days but the determination so characteristic of the settlers resulted in the survival of the Fair. In 1801 the "society instituted in London, Canada, for the encouragement of agriculture, industry and the arts" offered pre-

Canadian National Exhibition—continued

miums for various branches of the struggling Fair's activities. Eventually came the war of 1812 to bring about a setback but the association was kept alive. In 1820 a cattle show was held at York, now Toronto. Government recognition was gained in 1830 when a grant of $400 was made to agricultural societies. This led to the formation of a provincial agricultural society in 1846. This society held a show each year at different points throughout the growing province. This procedure was adhered to until 1878 when it was decided that an itinerant fair was not in the best interests of the whole community and when the municipality of Toronto undertook to sponsor the erection of large permanent structures for exhibition purposes the show became a Toronto fixture and was held annually as the Toronto Industrial Exhibition. The latter became separated from and independent of the provincial society. In 1912 the name was changed to the Canadian National Exhibition and the show became truly national in scope. Since that time it has expanded steadily until its activities, in peace times, embrace the foremost countries of the world.

The Board of Directors consists of the Mayor of the City of Toronto and seven members of the City Council together with eight representatives

Canadian National Exhibition—continued

of manufacturing interests and eight representatives of agriculture. These are elected from the membership which comprises one hundred and fifty organizations of various kinds.

Canadian National Exhibition—continued

GROUNDS AND BUILDINGS

Exhibition Park is an exquisitely landscaped property of 350 acres extending for a distance of a mile and a half along the shore of Lake Ontario and well within the city limits. A protected regatta course extends the full length of the park. Beautiful shade trees, paved boulevards, immaculate beds of flowers and foliage in artistic design, wide sweeping lawns and stately buildings of stone, steel, brick and concrete, gems of exposition architecture combine to make a most attractive picture with the blue waters of the lake as background. Many of these great display structures cost in excess of a million dollars each.

At the outbreak of war, which occurred during the Canadian National Exhibition of 1939, the complete plant and equipment was offered to the government for use by the Department of National Defence. Not all of the buildings were required by the armed forces but several of them were occupied by troops in the fall, winter and spring months. Part of the vast Coliseum was established as a manning depot for the Royal Canadian Air Force. Detachments of the Navy are quartered in the mammoth Automotive Building and the army given most suitable accommodation in other fine buildings.

Canadian National Exhibition—continued

The desirability of this arrangement was quickly demonstrated and it was carried on in the winter of 1940 and 1941; prior to the complete taking over of the C.N.E. grounds and buildings in May of 1942 when all Exhibition activities were suspended for the duration of the war. The Department of National Defence had until this time given the Canadian National Exhibition its hearty co-operation in preserving the continuity of the show. It was agreed that the Exhibition had made a desirable contribution to the national morale, stimulated recruiting, assisted in raising more than $100,000 for various defence causes such as the Red Cross, Britain War Relief and organizations devoted to supplying comforts for the men of the services. The courage, optimism and faith of the management was fully justified by the results. The important part the Canadian National Exhibition plays in Canada's defence effort was proved conclusively. Thus is the "Show Window of the Nations" fulfilling its destiny not only as the world's largest annual exposition but as an inspiration to the people of Canada, the British Empire and ultimately the world.

ROYAL AGRICULTURAL WINTER FAIR ASSOCIATION OF CANADA

The Royal Agricultural Winter Fair Association of Canada is a voluntary body, organized in 1919, for the purpose of promoting the higher branches of Agriculture in the Dominion, notably live stock, through the competitive stimulus of an annual exhibition of farm products. Its annual Fair occupies an enviable position among agricultural exhibitions on the American Continent, and in its combined wide scope, representative inclusiveness, variety of exhibits, and high standards is undoubtedly unique in any country.

Included in the membership of the Association are representatives of all existing live stock and other agricultural organizations in Canada, as well as of the Dominion and Provincial Governments and the City of Toronto.

At the outbreak of War in September, 1939, the Directors of the Royal readily agreed to the suspension of the Fair so that the extensive building, especially the Coliseum and its two fine annexes, with administration offices, might be turned over to the Department of National Defence in connection with the great war effort.

THE TORONTO HARBOUR COMMISSIONERS

The Toronto Harbour Commissioners, under a Special Act of the Parliament of Canada passed in 1911, were given control over the Port of Toronto. They commenced active operations in 1914, and the Harbour, at that time inadequate and relatively inaccessible, has been transformed by the Commissioners, in co-operation with the City Council and Dominion Government, into one of the most up-to-date on the Great Lakes. It can accommodate the largest vessels passing through the Welland Ship Canal and in cargo tonnage it now rates among the highest of Canadian Lake and Sea Ports.

Besides deepening the Harbour and constructing approximately nine miles of modern dockage, two large waterfront industrial areas have been created almost entirely out of non-revenue producing marsh lands and lands covered by water. These areas are served by wide paved streets, hydro-electric power at cost and by Canada's two transcontinental railway lines, the Canadian National and Canadian Pacific Railways, which connect with the Harbour front by means of approximately 30 miles of terminal tracks owned or controlled by the Commissioners. There is perfect co-ordination of rail, water and highway transportation.

In addition to the improvements effected in

The Toronto Harbour Commissioners—continued

navigation, commercial and industrial facilities, the development plans included the reclamation of park and recreational areas of which Sunnyside Beach, near the western entrance to the City, has become Toronto's lakeshore playground. Here are found amusement devices, games, rides, swimming, dancing, refreshments, etc. On the beach proper is located a bathing pavilion with locker accommodation for 7,700 bathers; adjoining this is a swimming pool 300 feet long by 75 feet wide, with a capacity of 750,000 gallons.

Extending easterly from the Humber River to Leslie Street, a distance of approximately 7 miles, is the cross-town waterfront highway, with, for the most part, a minimum pavement width of 50 feet. The foresight in constructing this fast traffic artery, made possible by the waterfront development, is evidenced by the many thousands of motorists using it daily.

The area of lands sold, leased or occupied is now in excess of 550 acres, on which are located varied establishments with investments of approximately $40,000,000.00 in land, buildings and equipment. About 380 acres of land are still available for lease or sale including approximately 35 acres leased at a nominal rental to the Department of National Defence for war pur-

The Toronto Harbour Commissioners—continued

poses and upon which is located Equipment Depot No. 1 of the Commonwealth Air Training Scheme.

In order to finance the development works the Commissioners were authorized to borrow money by the issue of bonds, guaranteed as to principal and interest by the City. Over the period of years the position of the Commissioners has become more and more favourable. In 1944 the taxes derived by the City from occupied waterfront properties reclaimed and developed since the inception of the scheme in 1912, and from the comparatively small amount of lands existing and revenue producing at that time, were in excess of the amount the City was called upon to pay in 1944 under its guarantee by more than $210,000, as will be seen from the following statement:

General, School and Business Taxes received by the City from occupied Harbour Properties in 1944 (approximately)			$ 819,850.00
Interest and debt retirement charges, 1944		$1,441,704.64	
Operating Surplus (before depreciation)			
T.H.C.	$581,166.67		
Interest Income T.H.C.	64,287.60		
Capital Receipts T.H.C.	186,609.32		
		832,063.59	
Balance paid by the City of Toronto under its guarantee			$ 609,641.05
Taxes so received by City exceeded payment under guarantee by			$ 210,208.95
Assessed value of occupied Harbour properties—1944 Assessment			$25,337,210.00
Assessed value of Harbour properties, 1912			1,976,804.00
Increase			$23,360,406.00

The Toronto Harbour Commissioners—continued

The following are the general and local improvement taxes paid by the Harbour Commissioners on Harbour lands:—

Year		General	Local Improvement	Total
1912	to 1939	$270,993	$2,002,065	$2,273,058
	1940	25,493	112,154	137,647
	1941	13,177	48,773	61,950
	1942	9,570	7,554	17,124
	1943	11,301	170	11,471
	1944	14,223	110	14,332
	Total	$344,757	$2,170,826	$2,515,582

The citizens of Toronto have benefited greatly by the tremendous increase during recent years of waterborne traffic into and out of the City, resulting from the improved Harbour facilities. The following table sets forth comparative tonnages for the years mentioned:

Year	Tons
1925	476,950
1930	1,292,864
1935	3,020,130
1940	4,762,292
1944	3,860,731

The Toronto Harbour Commissioners—continued

The oil and coal industries furnish a concrete example of the benefits arising to the citizens from the Harbour Development. Many concerns engaged in these lines of business have located on Harbour property, using extensive dockage space for the handling and storage of their commodities brought in during the navigation season. In connection with coal and coke, the facilities afforded have served to guarantee a winter's supply of fuel for use in the City regardless of conditions that might develop elsewhere during the winter months, and have also served to reduce the cost of these commodities to the consumer. Dock operators are now able to purchase substantial supplies and these can be economically carried by water transport, cheaply unloaded directly from vessel to storage and used as needed.

The following table shows the increase in oil, coal and coke tonnage over the period of years indicated and also indicates the advantage taken by these two industries of the Harbour Development.

The Toronto Harbour Commissioners—continued

Year	Petroleum Products Tons	Coal & Coke Tons
1925	98,962	150,256
1930	449,219	225,992
1935	705,079	1,565,264
1940	1,365,722	2,224,881
1944	1,199,136	1,906,007

The general taxes received by the City from industries located on lands created by the Harbour Development, the benefits arising from the increased waterborne trade of the Harbour and the impetus given thereby to the commerce of the City, apart from the saving to the citizens by reason of low cost transportation, are tangible results of the development. These, as a whole, cannot be rated in dollars and cents; but they are nevertheless of incalculable value to the City at large.

The two municipal airports, one a combined airport and seaplane base on Toronto Island and the other an all-weather airport at Malton, are administered by the Harbour Commissioners for and at the expense of the City.

The Island Airport, officially named by the City Council "Port George VI, Toronto Island Airport" has been mainly reclaimed from the

The Toronto Harbour Commissioners—continued

inner harbour and lake. It is an "all-way" field comprising 177 acres, practically all sodded. The Airport has three flightways 3,000 feet long and 500 feet wide, all of which have been lighted; two have a paved runway 150 feet wide for their full length. The Airport is equipped with an Administration Building, lighting system, hangar, seaplane ramp, low dock and passenger float.

Owing to war conditions there is now very little civilian flying at the Airport, operations being mainly confined to those of the Royal Canadian Air Force and the Royal Norwegian Air Force.

At Malton, 1,444 acres were acquired for airport and zoning purposes, the objective being to use the zone-controlled areas for industrial development in connection with the manufacture of aircraft, subject to the regulations of the Department of Transport as to height of structures, etc. The National Steel Car Corporation Limited purchased some 108 acres, on which a large aircraft plant has been established. Another aircraft plant was established by Canadian Associated Aircraft Limited on a 15-acre site purchased by this company. These plants are now operated by Victory Aircraft Limited. Trans-Canada Air Lines have leased 2½ acres

The Toronto Harbour Commissioners—continued

adjoining the landing field and have erected a hangar and workshop.

Provision has been made at this Airport for flightways covering eight points of the compass, 1,000 feet in width and 9,000 feet long with permissible paved runways 5,000 feet in length and upwards. Up to the present three runways have been paved for lengths of 4,600 feet, 4,000 feet and 3,900 feet, respectively, each with a width of 150 feet. The Airport is equipped with an Administration Building, lighting system, meteorological offices, radio, etc. The Dominion Government holds under lease from the City the Airport proper (containing approximately 693 acres) and certain additional lands and operates the Airport. In connection with the Commonwealth Air Training Scheme, two training schools were established by the Dominion Government at the Airport.

Air service between Toronto and principal Canadian and American cities is provided by regular scheduled flights by Trans-Canada Air Lines and American Air Lines to and from this Airport.

The Malton Airport has been officially named "Bishop Field, Toronto Airport, Malton," by the City Council in honour and recognition of the

TORONTO HYDRO-ELECTRIC SYSTEM

The Toronto Hydro-Electric System is owned by the City of Toronto, and is operated for it by the Toronto Electric Commissioners.

The Toronto Electric Commissioners, created under Provincial Statutes (1 Geo. V, Chap. 119, Sec. 6), are empowered to carry out the provisions of the Public Utilities Act of Ontario (R.S.O., 1937, Chap. 286) in so far as such Act applies to the City of Toronto.

The present members and officers are:

Commissioners

Joseph Gibbons, Chairman.
Kenneth A. Christie, K.C., Vice-Chairman.
Robert H. Saunders, K.C. (Mayor).

Officers

E. M. Ashworth, General Manager.
H. J. MacTavish, Secretary.

Offices

14 Carlton Street: Telephone, AD. 2261.

The Toronto Hydro-Electric System is one of the largest municipally-owned distribution systems in the world, and distributes power at unusually low rates.

Toronto Hydro-Electric System—continued

Alternating Current Light and Power Rates
Residence Service

Alternating Current — 25 Cycles — 120 Volts.
Energy Charge:

One and eight-tenths cents per kilowatt-hour for the first 50 kilowatt-hours' use per month.

One cent per Kilowatt-hour for all additional consumption.

Prompt payment discount 10%. Minimum monthly bill 75c. (Net).

Commercial Lighting Service

Alternating Current — 25 Cycles — 120 Volts. Billing Demand — by meter or 100% Installed Capacity.

Monthly Demand Charge:

Five cents per 100 Watts of Installed Capacity or Billing Demand.

Minimum Demand — 500 Watts.
Energy Charge:

One and nine-tenths cents per Kilowatt-hour for equivalent of first 100 hours' monthly use of Billing Demand.

Toronto Hydro-Electric System—continued

Thirty-five one-hundredths cents per Kilowatt-hour for all additional consumption.

Prompt payment discount 10%. Minimum monthly bill 75c. (Net).

Power Service

Alternating Current—25 Cycles—3 Phase 550 Volts. Billing Demand—by meter or 100% installed Capacity. Alternating Current—25 Cycles —3 Phase—208 Volts (See Note).

Monthly Demand Charge:

One dollar per Kilowatt of Installed Capacity or Billing Demand.

Energy Charge:

One and one-half cents per Kilowatt-hour for equivalent of the first 50 hours' monthly use of the Billing Demand.

Nine-tenths cents per Kilowatt-hour for equivalent of the second 50 hours' monthly use of the Billing Demand.

One-quarter cent per Kilowatt-hour for all additional consumption.

Prompt payment discount 10%.

NOTE — Alternating Current 25 Cycles—3 Phase—208 Volts Service is supplied in areas where 4 wire A.C. network is installed.

Toronto Hydro-Electric System—continued

Direct Current service is supplied in a restricted down town area only.

Rates for Direct Current and special classes of service, such as Flat Rate Water Heaters, Hall Lighting, Sign Lighting, etc., may be obtained on application.

The following statistics based on the operations during 1944 are of interest.

Kilowatt-hours sold	1,371,645,482
Peak Load	393,919 H.P.
Total Revenue	$13,750,000.00*
Number of consumers at Dec. 31, 1944	182,363
Total System-owned Assets at Dec. 31, 1944	$51,250,000.00*
Net bonded debt at Dec. 31, 1944	$3,574,737.05
System-owned Assets exceed liabilities by	$45,700,000.00*
Equity in H.E.P.C. Sinking Fund	$23,773,608.09

* Estimated.

TORONTO TRANSPORTATION COMMISSION

The Toronto Transportation Commission was incorporated by an Act of the Ontario Legislature assented to June 4th, 1920. The Act of Incorporation is 10-11 Geo. V, 1920, Chap. 144, which may be briefly summarized as follows:

(1) The Commission consists of three members, appointed by the City Council to serve for three years, and to be paid such salary or other remunerations as may be fixed by Council.

(2) No member of the City Council is eligible for appointment as a member of the Commission.

(3) The Commission is entrusted with the control, maintenance, operation and management of:

(a) The Toronto Railway Company upon its acquisition by the City.

(b) The Civic Lines.

(c) Any other street railways that the City may from time to time acquire.

(4) The City may at any time entrust to the Commission the construction, control, maintenance, operation and management of lines of motor buses, or subways, or of tubes, or of any method of underground or local overhead transportation (This was done by By-law No. 8564.)

Toronto Transportation Commission
—continued

(5) To consider generally all matters relating to local transportation in the City of Toronto.

(6) To construct, control, maintain, operate and manage new lines of street railway.

(7) To fix such tolls and fares so that the revenue of the Commission shall be sufficient to make all transportation facilities under its control and management self-sustaining after providing for such maintenance, renewals, depreciation and debt charges as it shall think proper.

(8) To requisition the City for money necessary to carry out its powers and duties. But nothing contained in the Act of Incorporation shall divest the Council of its authority with reference to providing money for such purposes.

(9) The Commission to furnish the City annually an Operating and Financial Statement, and keep its books at all times open for inspection by the Audit Department of the City.

The fares chargeable by the Commission are as follows:

Fares for Adults:

Four tickets for 25 cents; cash fare, 10 cents.

Toronto Transportation Commission
—continued

Fares for Children:

(a) Infants "in-arms", free. Children, not over 53½ inches in height: Cash, three cents; ten tickets for 25 cents.

(b) School Children's tickets: School Children's tickets are sold at the rate of seven for 25 cents, and are for the use of all school children under 16 years of age. The tickets are good only going to and from school, between the hours of 8 a.m. and 4.30 p.m., and are not valid on Saturdays, Sundays or on other days when schools are closed.

Free transportation privileges on the street cars are provided to the members of the Amputations Association of the Great War and to blind people in Toronto receiving passes through the Canadian National Institute for the Blind.

Free transportation privileges are provided on Sundays from 6.00 a.m. to 12.00 midnight: (a) to those in the uniforms of the armed services; (b) to a child, not over 53½ inches in height, who is with a person paying an adult fare.

Free transfers are issued between all street cars within the City limits and between street cars and "feeder" buses within the City limits.

To protect the City's huge investment and its rights to control public transportation in its

Toronto Transportation Commission
—continued

streets, the City authorized the Commission's acquirement of control of the principal motor coach routes radiating from the City and of motor coach sight-seeing services in the City. These services and other special motor coach and motor launch services are operated by the Commission under the name of Gray Coach Lines, Limited. With its routes extending from the United States border at Niagara Falls and Buffalo to Toronto and thence to Muskoka Lakes, North Bay and other northern Ontario resorts, Gray Coach Lines' motor coach services have made Toronto the hub of highway travel and have developed a profitable tourist business for Toronto. Complete information in reference to the services of Gray Coach Lines and connecting motor coach services to all points in Canada and the United States is available at Toronto Bus Terminal, 602 Bay Street, or by telephoning ADelaide 4221. By order of the Dominion Transit Controller some of Gray Coach Lines' services are curtailed or discontinued for the duration of the war.

Several municipalities adjacent to Toronto have arranged to have their local public transportation services managed by the Toronto Transportation Commission. This arrangement is advantageous to these municipalities and does

Toronto Transportation Commission
—continued

not impose any financial responsibility on Toronto or on the Commission. These include street railway services in York Township, Weston, and the municipalities between Toronto and Richmond Hill on north Yonge Street; and bus services in York Township, Forest Hill Village, Leaside and East York Township.

The Toronto Island Ferries, now owned by the City of Toronto, have been managed by the Transportation Commission since February, 1927. Passenger and freight service is supplied by a fleet of ferry boats and freight craft between the mainland and the three Islands—Centre Island, Hanlan's Point and Ward's Island. The one-way trip to any of these points is made in approximately fifteen minutes.

The ferry service is managed by the Commission under an agreement with the City. The finances of this service are entirely separate from those of the other service managed by the Commission under its Act of Incorporation.

The rates of fare are the same on the ferries as on the City street car system, the same tickets being good on either service, but no transfer tickets are issued between the ferries and the street cars.

Toronto Transportation Commission
—continued

This is the twenty-fifth year of the Commission's operation of the various transportation services. During the preceding twenty-four years, approximately 7 billions of passengers have travelled on the street cars, buses, motor coaches, ferries and motor launches operated by the Commission.

The Commission operates 954 electric street cars and 71 electric service cars. The street cars travel a distance of approximately 34,700,000 miles in services during a year. The 373 buses and motor coaches travel 10,520,000 miles yearly. The fleet of five ferry boats carry nearly 2,600,000 passengers during the Summer. Approximately 4,400 people are regularly employed by the Commission.

The Commissioners are as follows:
Wm. C. McBrien, Chairman.
Wm. Croft, Vice-Chairman.
W. G. Russell, Commissioner.

H. C. Patten, General Manager.
C. A. Ward, Secretary and Public Relations Executive.
Offices: 35 Yonge Street, Telephone, WAverley 7611.

CITY PLANNING BOARD

On June 1st, 1942, a By-law (No. 15761) was enacted by the Council of the City of Toronto to provide for the establishment of a City Planning Board and to define its duties and powers.

The City Planning Board consists of eight members appointed by the City Council—one, annually, from the members of Council and the remainder for a period of three years.

In addition the Government of the Province of Ontario is invited to appoint two of its officers to assist the Board and act as liaison between it, the Province and the municipalities adjacent to Toronto. These appointments have been made.

The City Planning Board is advisory to the City Council and its powers and duties are as follows:—

> To consider, to prepare proposals and plans and to advise the Council on matters connected with the use and development of land in and adjacent to the City over which the City may exercise control, as provided by the Planning and Development Act; so as to provide for the well being of the inhabitants and economic advantage to the citizens and community at large.

To determine what matters shall be studied and when any plan meets approval to present it to the Council.

City Planning Board—continued

To undertake, with or without the assistance of the Departments of the Corporation the technical work required for planning.

To acquaint the citizens with the merits of projects, and to consult when desirable, citizens of all interests.

The Board submits an annual report to the City Council and presents an estimate of its expenditures for the forthcoming year.

The Board has no power to commit the City to any expenditure and can only expend monies appropriated to it in the current year.

In order to facilitate its studies, the Board has appointed an Advisory Technical Committee consisting of five members technically experienced in various aspects of City Planning.

Following the receipt of an appropriation in 1943, the Board organized a planning staff and office at the Art Gallery of Toronto, and in accordance with the By-Law, at the close of the year presented to the City Council, its second annual report, outlining its proposals for the Master Plan. This report was amplified by an exhibition at the Art Gallery of a series of drawings showing the past development of Toronto, its present conditions and the Board's proposals for the future, based on the assumption that in

City Planning Board—continued

about thirty years the population of the Toronto metropolitan area may reasonably be expected to increase to about 1,500,000 people.

A further report was presented to Council in March, 1945.

The various planning proposals put forward include recommendations to provide an orderly distribution of the new population with due regard to its relation to employment and recreation; an agricultural belt to surround the whole area and an inner green belt to surround the existing built-up area; to divide the city into neighbourhoods and replan and develop certain blighted and substandard areas to create a civic centre; finally, to seek the changes in legislation necessary to bring these proposals about.

City Planning Board Personnel:

A. G. Partridge (Chairman) for 1945 and 1946.

Robert H. Saunders, K.C. (Mayor) for 1945.

E. R. Arthur, for 1945, 1946 and 1947.

J. P. Maher, for 1945 and 1946.

Wm. C. McBrien (as Chairman, Toronto Transportation Commission) for 1945.

City Planning Board—continued

F. D. Tolchard, for 1945, 1946 and 1947.

T. D. leMay, permanent.

C. J. Woolsey, for 1945.

Appointed by the Province of Ontario:

A. J. B. Gray, J. D. Millar.

Director and Executive Secretary,

A. E. K. Bunnell, 317 Dundas Street West, Toronto. Telephone, Waverley 7961.

The Board meets on Monday afternoons alternate with the meetings of City Council—and oftener, when necessary.

THE BOARD OF TRADE OF THE CITY OF TORONTO

The Board of Trade of the City of Toronto was founded in 1844 and incorporated by an Act of the Legislature of the late Province of Canada in 1845.

The principal objects of the Board are:

(a) To promote and/or support such measures as, upon due consideration, are deemed calculated to advance and render prosperous the lawful trade and commerce and to foster the economic and social welfare of the City of Toronto in particular and of the Province of Ontario and of the Dominion of Canada in general.

(b) To promote the establishment and maintenance of uniformity in the business of its members and those dealing with them.

(c) To adjust, settle and determine controversies and misunderstandings between persons engaged in trade.

(d) To advance in all lawful ways the commercial interests of the members of the Board generally and to secure the advantages to be obtained by mutual co-operation.

The Board of Trade of the City of Toronto
—continued

(e) To stimulate in such way as may be determined from time to time social intercourse among the members of the Board.

The Board is one of the largest commercial organizations in the British Empire and functions through a Council of nineteen elected members and a number of Committees, the principal of which are Engineering Advisory, Insurance, Legislation, Northern Ontario, Public Relations, Social Problems, Taxation, Transportation and Customs, and Waterway and Power Development. The Board also operates fifteen Trade and Professional Branches, namely, Air Conditioning Industries, Aviation; Beef, Lamb and Veal; Book Publishers, British Empire Overseas, Dairy, Fuel Dock, Funeral Directors, Grain and Grain Products, Lumbermen, Motion Picture, Oil Heating, Produce, Provision Trade and Toronto Laundryowners' Exchange, and has affiliated with it the Fuel Protection Association. Each Trade Branch and affiliated organization is self-governing in matters affecting only its own trade or profession, except when the support of the Board as a whole is desired, at which time recommendations are subject to the approval of the Council of the Board.

The Board of Trade of the City of Toronto
—continued

The establishment of Toronto as a leading air centre in the Dominion, with expanding passenger and freight traffic from large, modern airports; and well organized provincial, national and international connections, is a definite post-war requirement. To this end the Aviation Branch of the Board has been formed. It also proposes to facilitate employment for personnel of the R.C.A.F. and Air Cadets, and assist in the enlargement of Canada's civil and commercial aviation. Membership is composed of manufacturers of aircraft and aircraft components, suppliers of equipment and services, as well as others interested in the aviation industry.

The Board has direct representation on the Advisory Vocational Committee of the Board of Education, Canadian National Exhibition Association, Maurice Cody Research Fellowships and Scholarships Committee, Federation for Community Service, Eastern Committee on Grain Standards, Grain Appeal Tribunal, Ontario Safety League, Smoke Control Association, Toronto Harbour Commission, Toronto Industrial Commission and Traffic Advisory Board.

Commodious Dining and Lounge Rooms and well-equipped offices are maintained for the

The Board of Trade of the City of Toronto
—continued

benefit of the members and for the prosecution of the work of the Board.

The Board of Trade Club, open to members of the Board of Trade, meets weekly on Mondays at 5.30 p.m. for dinner meetings, from October 1st to April 30th.

The primary objects of the Club are:

(a) to promote good fellowship amongst members of the Board of Trade;

(b) to educate members to a fuller realization of their responsibilities as members of the Board of Trade;

(c) to pave the way to a better understanding of the City's social and economic needs; and

(d) to make members better citizens of the Dominion of Canada and the Commonwealth of British Nations.

The Young Men's Section comprises young men between the ages of eighteen and thirty. The Section meets every three weeks, on Tuesdays, at 5.45 p.m. for dinner meetings, from October 1st to April 30th. The members are granted limited privileges in the Board of Trade.

The Board of Trade of the City of Toronto
—continued

The objects of the Young Men's Section are:

(a) to educate members to a better understanding of the importance—in civic and national life—of the Board of Trade and the Chamber of Commerce movement; (b) to co-operate whenever and however possible in the varied activities of the Board of Trade of the City of Toronto; (c) to enable the young business and professional men of the city to study and to co-operate towards the solution of current national and local problems; (d) to encourage and assist members to study, under competent direction, subjects of value in all phases of business; (e) to promote good fellowship amongst the young business and professional men of Toronto who are eligible for membership.

At the offices of the Board of Trade inquiries from all parts of Canada and throughout the world are received and dealt with. Consultation privileges are available to members upon matters pertaining to business. All phases of trade development and protection from local to world-wide scope come under the review of the Board.

Canadian Manufacturers' Association—continued

The work of the Canadian Manufacturers' Association is based upon the studies, recommendations, and suggestions of its Standing and Special Committees, and Division and Branch Committees.

On all matters of national importance to manufacturers these studies, recommendations, and suggestions go to the Association's governing body or parliament, namely the Executive Council. The Executive Council consists of members elected annually representing all provinces, and almost every type of manufacturing in the Dominion. The members of Council are nominated by the local Committees throughout the country, and are experienced business leaders in their respective communities. Council meets regularly, and the annual election ensures the introduction of some newcomers each year. It can be said that policies decided upon by the Executive Council truly represent the views of the Canadian manufacturing industry as a whole.

The Executive Committee, which might be described as the cabinet, or board of directors, of the Association, also represents all parts of Canada, and consists of the President, the First and Second Vice-Presidents, the Treasurer, the Immediate Past President, the Chairman of the

nine Standing Committees, the Chairman of the five Divisions, and six members elected by the Executive Council for three-year terms.

There are nine Standing Committees, viz., Legislation, Industrial Relations, Commercial Intelligence, Tariff, Transportation, Insurance, Publishing, Education, and Membership. These are national Committees, and are elected at the Annual General Meeting each year. There are numerous Division and Branch Committees in the five Divisions and twenty-six Branches from coast to coast. In all, almost 1,000 members of the Association serve on these various Committees.

TORONTO CONVENTION AND TOURIST ASSOCIATION INCORPORATED

This Association was organized in the year 1926 for the purpose of increasing tourist traffic and securing Conventions for the City of Toronto.

Officers

Hon. President, Robert H. Saunders, K.C. (Mayor).
President, Charles Q. Ellis.
Vice-Presidents, P. Kirby Hunt and John C. Porter.
Executive Vice-President, T. H. R. McNally.
Secretary, T. M. Kyle.
Treasurer, H. C. Bourlier.

Address—Rooms 108-109, 37 Bloor Street West.
Telephones, Midway 9874-5.

This Association is governed by an executive committee appointed from its elected Directorate, and is the recognized channel of community enterprise for the promotion of the visitor industry. It carries on the advertising, selling and promotional work on behalf of the city to secure transient visitors. During the summer months it maintains Toronto's official tourist information office on Lake Shore Boulevard. The Association's activities are financed by the membership fees and subscriptions of its supporters and an annual grant from the Corporation of the City of Toronto.

TORONTO INDUSTRIAL COMMISSION

The Toronto Industrial Commission was incorporated by Letters Patent under the Ontario Companies' Act on 28th of December, 1928, and began active operations on the 13th of March, 1929. The Commission's objectives are to secure industries for, and aid industries in, the City of Toronto and surrounding territory and to give publicity to the advantages of the Toronto area for business and manufacturing purposes.

It maintains comprehensive data concerning available industrial properties, accepts no commissions or fees, preserves confidential relations with its correspondents, invites suggestions as to names of companies which might advantageously locate in the Toronto area, and has a staff of qualified engineers in industrial, economic and statistical research.

During 1944 the Commission co-operated in the establishment of ten new industrial developments in the Toronto area. Numerous existing Toronto industries in 1944 were assisted in securing larger or more suitable manufacturing space, new lines to manufacture and given data on questions of sources of materials, taxation and numerous other subjects.

Since the Commission began operations sixteen years ago it has co-operated with a total

Toronto Industrial Commission—continued

of 221 industrial companies which have established in Toronto and suburbs. They have invested $24,569,000 in plant and equipment, are employing 13,300 people, and are occupying more than 4,021,000 square feet of floor space. The floor area used by all these manufacturing operations is equivalent to a single plant 100 feet wide and over seven miles long.

In addition to the "direct" employment by the new industries, their operations have resulted in substantial additional employment in other Toronto concerns supplying a wide variety of production materials and services to the new companies and their employees. It has been conservatively estimated that this "indirect" employment represents over 13,000 additional persons.

The employment provided is equal to the total industrial employment in many of Canada's smaller cities. Their coming has added "another city" to Toronto.

These new companies paid taxes of $62,055 in the City of Toronto in 1944 and purchased electric power and lights to the value of $225,500.

Seventy-nine per cent. of the employment went to Toronto citizens.

Toronto Industrial Commission—continued

The Commission has also rendered important service to the Canadian Government in developing the special manufacture of munitions and other war materials.

The Commission recognizes that the post-war period will present many difficulties. Intensive studies have been in progress, and an aggressive programme is being developed for suitable British, American and European industries which would fit into the Canadian economy and provide additional employment. To facilitate direct contact with British and European manufacturers interested in establishing in Canada, an office has been opened in London, England, with encouraging results.

The Commission is the official Industrial Commission for the City of Toronto. Its Board of Directors is made up of representatives nominated by the City Council, the Board of Trade of the City of Toronto, the Toronto Branch of the Canadian Manufacturers' Association, the Toronto Hydro-Electric System, the Toronto Transportation Commission, the Toronto Harbour Commissioners and the Canadian National Exhibition Association.

TORONTO AND YORK ROADS COMMISSION
(Appointed under 5 Geo. V., Chap. 17)

The Commission consists of five persons, two appointed by the County Council of York and two appointed by the City of Toronto, and a fifth to be appointed by the four elected members or the Lieut.-Governor in Council. Its duty is the improvement and maintenance of main suburban roads to be determined upon by the Commission. The cost is to be borne by the City, the County and the Ontario Government in the following proportions: 25 per cent. by the City, 25 per cent. by the County, and 50 per cent. by the Ontario Government. The members and officers of the Commission are as follows:

COMMISSIONERS

W. J. Gardhouse, Chairman, 206 Queen's Drive, Weston.

R. E. Bales, Vice-Chairman, 4571 Yonge Street, Lansing.

Norman W. Long, 65 Joicey Blvd., Toronto.

THE TORONTO HUMANE SOCIETY

President

The Honourable R. C. Matthews, P.C.

Administration Headquarters

11 St. Albans Street, Telephone Kingsdale 1191

The Toronto Humane Society was incorporated in the year 1887 for the purpose of promoting and developing Humane public sentiment, and to secure the enactment and enforcement of suitable laws for the prevention of cruelty to animals. The work of the Society has been carried on continuously since its foundation. At the Headquarters of the Society, 11 St. Albans Street it operates the City Pound and performs the duties of Dog Catching for the City. The activities of the Society have grown until it is recognized as one of the best of its kind on the continent.

Its records for the year 1944 show that its motor cars responded to 23,769 calls, including 3,762 emergency calls, sent to Headquarters by citizens. Complaints attended to numbered 1,486. Constant inspection is maintained over the conditions under which animals for human consumption are handled. During 1944 this entailed the examination of 161,305 cattle, sheep, swine and poultry. In its general work the Society gives a twenty-four hour service, 365 days of the year for the relief of suffering animals.

SOCIAL SERVICES OF TORONTO

Every community has its problems of social break-down. As the community grows the problems of indigence, dependency and illness grow with it. With the increasing complexity of modern city life, health and welfare services have become a recognized responsibility of civic government. Public assistance serves those persons described in legislation or order-in-council as in specific need, while private agencies attempt to meet those needs not recognized in legislation, and carry much of the responsibility for interpretation of need not yet widely understood. These private agencies are often the pioneers in social welfare.

Because of the pressure of events during the past few years there has been a marked trend toward greater co-ordination of both public and private effort in an endeavour to eliminate overlapping and make for more effective and economic service in the interests of people served. The first and simplest mode of co-operation was in the direction of eliminating overlapping, through a system of registration provided by the Social Service Index. Then followed the attempt to unite all voluntary agencies in a common appeal for the support of the public, through community chests

Social Services of Toronto—continued

or federations for community service. Of these, three were formed in Toronto: Federation for Community Service, Federation of Catholic Charities and the United Jewish Welfare Fund. Seventy-two important agencies were included in these federations, but a number still continued their own programmes outside the federation group. Out of the federations there developed naturally the demand for co-operation in policy and action which led, in 1937, to the formation of a Welfare Council of Toronto and District. Within this Council any form of organized effort, whether public or private, was given its place, and thus the Council served as a veritable parliament of agencies, constantly deliberating and acting in the interests of greater well-being, utilizing the best thought of the community and focusing its goodwill and its resources with the minimum of waste or friction. These developments of the past have resulted in the establishment of the United Welfare Chest, which held its first annual campaign in September of last year and has started to operate fully as from January, 1945. The United Welfare Chest does the work previously done by the Federations and by the Welfare Council, the Social Service index and by other social agencies, hitherto independent of the above.

Social Services of Toronto—continued

The Executive Director of the United Welfare Chest is Mr. W. H. Dewar, Room 906, 100 Adelaide Street West. Telephone, Adelaide 4971.

A classified list of all the welfare services in Toronto with a brief statement of their purpose is available in the Directory of Welfare Resources issued by the Welfare Council of the United Welfare Chest. The co-ordinating agencies are as follows:

Federation for Community Service, Room 906, 100 Adelaide St. West. Telephone: Ad. 7476. General Secretary, A. D. Hardie.

TORONTO AND THE TELEPHONE

The telephone needs of Toronto and the adjoining communities are served by The Bell Telephone Company of Canada.

The Bell Telephone Company of Canada was incorporated in 1880 and, in Toronto, it absorbed the Toronto Telephone Despatch Company, which had been serving Toronto citizens since 1879.

About 261,000 telephones are in use in the Toronto exchange area and some 12,000 in the City's suburbs. Nearly one-sixth of the telephones in service in the Dominion of Canada are in Greater Toronto and the City has more residence telephones, per hundred inhabitants, than any other city of comparable size in the British Empire.

Torontonians place about 1,900,000 local calls—calls within Toronto—daily. Over 1000 long distance circuits terminate at Toronto's long distance centre, largest in Canada, and on an average day Torontonians make about 18,400 long distance calls. This figure takes in only calls which originate in Toronto. It is estimated that about three times that number—incoming, outgoing and through calls—are cleared daily by the Toronto long distance centre.

There are more than 3,200 Bell Telephone employees in Toronto. About a million people visit the company's business offices in Toronto every

Toronto and the Telephone—continued

year and over 250,000 transactions between the company and its subscribers are handled by telephone.

War developments have resulted in the Telephone Company being confronted with an unprecedented increase in the volume of requests for service on the one hand, and, on the other, a serious shortage of essential materials. Under the regulations issued by the Wartime Prices and Trade Board, Canadian telephone systems are ordered and required to take such steps as in their judgment, may be necessary to conserve any and all spare telephone plant and facilities, in order to be able to furnish necessary telephone service to those agencies to whom efficient communication service is essential to the successful prosecution of the War.

As a wartime measure to conserve manpower and materials, "Oliver", a manually-operated telephone exchange, was opened in September, 1943, to provide residence telephone service in the western section of the city. The 25 other telephone exchanges in Toronto are dial-operated.

Toronto and the Telephone—continued

Executive officers of The Bell Telephone Company of Canada include F. Johnson, President; P. A. McFarlane, J. H. Brace, Vice-Presidents; H. G. Young, General Manager, Western Area, and Frank H. Rowe, Toronto Manager.

Office: 76 Adelaide Street West, Telephone: Waverley 3911.

WEATHER RECORDS

FOR PAST TEN YEARS

The following information is supplied by the Controller of the Meteorological Service, John Patterson, M.A., LL.D., F.R.S.C.

Sunshine—1929 hours, 131 hours below average.

THE RED CROSS SOCIETY IN TORONTO, 1944

Membership: 200,000.

Number of Contributors: 220,000.

Amount Raised by Public Subscription:
$1,721,826.23.

Peacetime Services:

Junior Red Cross activities for 67,416 enthusiastic members. They contributed $20,954.17 for overseas nurseries, etc., and in addition made 36,683 articles.

$25,000.00 spent in caring for 1,000 veterans of the last war and their dependents.

58 Veterans given a fortnight's holiday at our Island Outpost.

Blood Donor Services:

114,633 blood donations taken.

1600 workers, including doctors, nurses, V.A.D.'s, etc., contributing their services.

18 clinics operated—3 central and 15 local.

Military Hospital Services:

7 hospitals and 6 sick bays served.

4,407 ambulance calls made.

83,055 bedside visits made.

184,066 surgical dressings and hospital supplies furnished.

224 trained V.A.D.'s serving.

175,330 in attendance at Red Cross Lodge.

The Red Cross Society in Toronto—continued

73,625 meals prepared and served at Lodge by volunteers.
5,500 books in circulation for patients.
270 movies and 17 variety shows conducted for patients.
6000 articles made by military patients at Chorley Park Hospital from materials supplied by The Red Cross.
Wide range of newspapers, magazines, candies, cigarettes and fruit provided.
Thousands of personal services rendered.

Prisoner-of-War Services:

Packed 846,400 Prisoner-of-War food parcels.
Packed 1,364 quarterly next-of-kin parcels.
Sent 339 personal cables to persons in enemy-occupied countries.
Served next-of-kin who came to us for assistance.

Women's War Services:

21,000 Women volunteers making clothing for bombed-out victims, comforts for soldiers and supplies for hospitals.
1,040,740 articles made in our 529 groups of 3 central workrooms.

War Brides' Service:

Opened new overseas Reception Centre for dependents of men on active service.

The Red Cross Society in Toronto—continued

Furnished escort officers for assisting wives of men on active service and children en route on trains from the coast. Notified next-of-kin of 732 dependents arriving from overseas with 474 children, and looked after their reception on arrival.

Other Wartime Services:

Trained a Red Cross Corps of 857 members.

Provided 120 Corps members for overseas service.

Operated 18 vehicles for blood donor, military hospital and troop-train services. Furnished conducting officers for trains, and met the personnel of all troops arriving in Toronto, assisting in their transportation. Trained 890 nursing aides for service in case of a major epidemic. Conducted the Active Services' Relatives Registry for M.D. No. 2, involving the keeping of 140,000 individual records. Prepared 32,303 meals for C.W.A.C. canteens.

Re-establishment Services:

Operated a Soldiers' Club for 125 veterans of last war. Sent letter to all Toronto men being discharged offering services if in difficulties. Appointed a Welfare Officer who was kept busy helping returned men. Brought out-of-town relatives to the city to

visit ex-service men sick in hospital when such people were unable to finance trip themselves.

TORONTO BRANCH OFFICERS, 1945

THE CANADIAN RED CROSS SOCIETY

Founded 1896, incorporated 1909.
Organization—National and Overseas Offices, Provincial Divisions, 2,600 Branches.
Membership—Over 2,000,000 Junior and Senior.

Summary of Work

Some $70,000,000 in money spent since war began. Of this amount, $19,000.00 was paid by British, Australian, New Zealand and Allied Red Cross Societies and Governments for prisoners of war parcels and relief goods supplied to them. 13,460,000 food parcels have been packed for Empire and Allied prisoners of war, besides supplying many other comforts for the prisoners and operating two Prisoner of War Enquiry Bureaux. To our Allies and war-service organizations also were given extensive relief in the form of money ($4,000,000) and goods. By Order-in-Council, Red Cross supplies St. John Ambulance Assn. with funds ($300,000 in 1944) to carry on its work in home nursing and first aid in conjunction with the Red Cross—and also its Brigade activities.

For Our Forces and Civilian War Sufferers

39,000,000 supplies and comforts shipped overseas.
400 Canadian blood-receiving centres operated.
1,800,000 blood donations received.

The Canadian Red Cross Society—continued

5,500,000 supplies given Forces in Canada.

15,000,000 articles given Forces Overseas.

Ambulances, Utilicons, Mobile Kitchen provided.

Millions of sailors' comforts, survivors' bags given.

500 C.R.C. Corps girls serving Overseas.

600-bed Taplow Hospital in Britain built, equipped.

All patients Military Hospitals visited, given gifts.

Millions pieces clothing supplied Civilian war victims.

1,900,000 lbs. Jam and Honey provided for Overseas use.

70 Mobile Units presented Britain's Fire Fighters.

Junior Red Cross War Fund provided mobile equipment, necessities for Allied children and comforts for prisoners of war. Juniors maintain 14 war nurseries in Britain.

Relief organized at seaboards and inland points.

Peacetime Programme

Extensive programme organized including: Assistance, Lodges, etc., for disabled war veterans. Outpost Hospitals maintained in frontier settlements. Junior Red Cross—great work in health and among crippled children. Juniors have 874,130 members and 30,515 branches. Nu-

The Canadian Red Cross Society—continued

trition service and training provided. Home Nursing and First Aid in co-operation with St. John Ambulance.

The Canadian Red Cross, as an auxiliary of the Department of National Defence, submits its audited statements to the Auditor-General of Canada.

National Officers

His Excellency, the Governor-General of Canada, President.

Jackson Dodds, Esq., C.B.E., Montreal, Chairman of Central Council.

Norman C. Urquhart, Esq., Toronto, Chairman Executive Committee.

Colonel A. L. Bishop, Toronto, Honorary Treasurer.

Hon. J. Earl Lawson, P.C., K.C., Toronto, Honorary Secretary.

L. A. Winter, Esq., Toronto, Honorary Comptroller.

Gershom W. Mason, Esq., K.C., Toronto, Honorary Counsel.

Dr. Fred W. Routley, National Commissioner.

Head Office: 95 Wellesley Street, Toronto.

Telephone, Midway 6692.

LOCAL RATION BOARD T1

The Ration Board is set up by the authority of The Wartime Prices and Trade Board and its function is to serve the Toronto area.

Chairman: Mayor Robert H. Saunders.

Secretary: Fred C. Hamilton.

Assistant Secretary: A. Simmons.

The Board consists of ten members representing a cross-section of the various interests in the community. District offices are located in the Fire Halls at 1904 Queen Street East near Herbert Avenue; 30 Montgomery Avenue near Yonge Street; 550 Greenwood Avenue near Danforth Avenue; and 358 Keele Street near Dundas Street.

At these offices citizens apply for Ration Books to replace those lost or destroyed; books for new-born babies and for personnel discharged from Armed Forces, and for persons who have not previously applied. Temporary Ration Cards are issued to Visitors to Canada for five days or more and ration coupons are issued to hostesses serving meals to members of the Armed Forces. Special coupons for evaporated milk are issued to infants on formula and to adults on special diet. Changes of names or addresses are recorded and general information given to the public on rationing matters.

Central Office:
Room 350 City Hall, third floor, east side.
Telephone, Adelaide 7171.

THE SALVATION ARMY IN CANADA

The world-girdling Salvation Army, with its multitudinous spiritual and social service activities, of which those in the city of Toronto are a splendidly representative part, embrace some ninety countries and colonies. Some idea of the diversity of these operations may be had from the fact that The Army's Officers and workers comprise men and women of almost every nationality, and these, using the principles that have made the organization effective everywhere, adapt themselves to varying conditions. Following are some of the activities selected at random: Farm Colonies, Employment Bureaux, Missing Relatives Bureaux, Shelters and Food Depots, Industrial Stores, Hostels for Working Men and Women, Day and Boarding Schools, General and Maternity Hospitals and Clinics, Eventide Homes for Aged Men and Women, Children's Homes, Workshops, Inebriates' Homes, Prisongate Homes, Leper Colonies, Criminal Tribes' Settlements, Slum Posts, Creches, Young Women's Residences, Young People's Centres, Officers' Training Colleges. Emergency operations include fire, famine, flood and other disasters.

The Army's work in the present global conflict—in the nature of an emergency—covers well-nigh every phase of auxiliary service from

the home front to far-flung battle-lines. Millions of men and women of the armed services have enjoyed the facilities placed at their disposal in Allied countries and war areas, and the sign of the Red Shield is familiar to members of all the forces.

Scores of thousands of Local Officers, Soldiers and Bandsmen serve in their spare time without remuneration, and trained, full-time Officers receive a modest living allowance to meet personal needs. All Salvationists are abstainers from intoxicating liquor, and the Organization is the world's greatest temperance body. With the religion of Christ as the chief motive-power, the motto of every Salvationist is "Saved to serve."

The position held by women in The Salvation Army is unprecedented in history, and even in Eastern lands women-Salvationists have played a great part in keeping with The Army's principle of equal opportunity of service for both sexes. Women's organizations within the world-wide Army include the Home League—a veritable sisterhood of nations—and women's auxiliary groups, a great body of workers which has made a vast contribution of comforts and clothing to the various war services.

The Salvation Army in Canada—continued

Following the pattern laid by its Founder, William Booth, in Great Britain, The Salvation Army in Canada, since its inception more than sixty years ago, has made immense strides and is to-day established in every city and sizable town in the Dominion. A chain of modern hospitals, stretching from coast to coast, is giving magnificent service; hostels for men and women, Eventide Homes, Children's Homes, Rescue Homes and other institutions are serving their respective communities well, and hundreds of other centres are beehives of activity, serving spiritual, moral and physical requirements in a multitude of ways.

The Army's Headquarters in Canada are established in the City of Toronto, adjacent to the City Hall, practically every phase of activity being carried on within the radius of a few miles. Institutions include a Maternity Hospital, a Working Men's Hostel, Industrial stores, a Children's Home, a Receiving Home for girls and Eventide Homes for men and women, and a Fresh Air Camp at Jackson's Point. Police-court and prison work for men and women is a leading activity, and Corps centres are established all over the city.

The work of the Grace Hospital in the City has far outstripped the limits of the present

building, and it is proposed to erect in North Toronto, a General Hospital to serve the needs of that part of the City. The first portion of the building, will accommodate 150 patients. It will also serve as a training centre for nurses.
